Newport Daily News.

Second Edition

ESTABLISHED 1846. NEWPORT, R. I., THURSDAY, JULY 7, 1910. PRICE TWO CENTS.

THE INS AND OUTS OF IT.

The picture above is an exact reproduction of an ideal white enameled sanitary refrigerator with solid brass trimmings. Not a bit of wood about it to swell, warp, shrink or decay. Cylindrical in shape and no corners for the accumulation of dirt. Revolving shelves of electrically welded wire. A great ice saver.

HANDSOME, DURABLE, ECONOMICAL, SANITARY.

Easy to move from room to room because mounted on roller-bearing casters. You can appropriately apply to it that old saying "Handsome is as Handsome Does" because it is the most economical ice chest ever offered for sale. Nursery, pantry and kitchen sizes.

A. C. TITUS CO., 225-229 Thames St.

JOHN H. KAZANJIAN & CO.

Opening Exhibition of Cluny Laces.

Greatest stock of Hand-made Cluny Lace Scarfs, Doilies and Centrepieces ever shown in Newport. Truly a superb collection, masterful in every detail and of absorbing interest to every one. We do not hesitate to say that quality, variety and price considered there are few, if any, lace departments in Rhode Island that compare favorably with ours, a strong, broad claim, but we stand ready to convince you, inspection invited

MRS. YOUNG OF CHICAGO ELECTED.

Wins Over Snyder, Who Received Nomination.

Superintendent Lull Named as R. I. Director.

BOSTON, July 7.—The teachers of the National Education Association today, for the first time in the history of the organization, placed a woman, Mrs. Ella Flagg Young of Chicago, at the head of the association. Mrs. Young's election was made in spite of a report of the committee on nominations, which favored X. Z. Snyder of Colorad. The contest between the two candidates came on the substitution of Mrs. Young's name for that of Mr. Snyder, which was favored by a vote of 617 to 276. It was a good-natured political struggle, with Mrs. Young's campaign managed energetically by several women delegates.

The report of the majority of the committee on nominations named for treasurer F. W. Springer of Michigan. The state directors named include: Connecticut, F. A. Verplank; Maine, Payson Smith; Massachusetts, Irving C. Palmer; New Hampshire, H. C. Morrison; Rhode Island, H. W. Lull; Vermont, Mason S. Stone.

Mr. Z. X. Snyder, principal of the Colorado State Normal School, was nominated by the committee on nomination for the next president. Mr. Snyder received 24 votes, while his nearest competitor, Mrs. Young, was given 15.

The report of the majority of the nominating committee in favor of Mr. Snyder, was taken across Copley Square to the New Old South Church, and at noon was presented to the annual meeting of the convention, by D. J. Johnson of South Carolina. Miss Katherine D. Blake of New York immediately presented the minority report, favoring Mrs. Young for president. Mrs. Young was made one of the vice presidents in the majority report. The convention took up the question of substituting the minority report for that of the majority.

The church was jammed with delegates, the women being in a large majority. Both sides were particularly good-natured and all seemed eager to close the contest as soon as possible. Several motions were made by the adherents of Mrs. Young to eliminate her from the list of vice presidents on the majority report, and finally R. M. Hitch of Chicago, formally presented Mrs. Young's resignation for the nomination for vice president. The debate was a brief one, although Miss Grace Strachen of New York spoke at some length in defense of the campaign for Mrs. Young, during which she said the woman had to enter into the political game and that the criticism of the use of badges by Mrs. Young's supporters was unwarranted, as this was an age of badges. A committee of 12 tellers was appointed by President Joiner.

San Francisco is the only place which has been prominently mentioned as the place for holding the next convention. The association voted to hold the 1936 convention in San Francisco and the committee was even making arrangements for the great assembly up to the night before the earthquake. The disturbance necessitated the transfer of the convention. This year a delegation, headed by Alfred Roncoveri, superintendent of schools, came to Boston by direction of the citizens of San Francisco and urged that the next convention be held at the Golden Gate. Today Mr. Roncoveri laid the claims of his city before the convention. A vote on the question was expected in the afternoon.

The teachers at the convention mixed a little politics with their study today, in selecting a new board of governors. The campaign has been simmering for nearly a week, starting with the advent of the boom last Friday for Mrs. Ella Flagg Young of Chicago, for president. Since that time Mrs. Young's supporters have worked hard for her interests, and while there has been no organized opposition, old members of the association, which is now in its forty-eighth year, have declared themselves strongly against political campaigns in the association. The constitution provides for the selection of a board of government, by the delegates, but also provides for the presentation of a ticket by a nominating committee. The members of the committee were elected by states, Monday, at the stadium, at which President Taft spoke, all the states caucussed and chose members of that committee. The nominating committee met at 9 a. m. today in Trinity Chapel, for the purpose of deciding on a candidate for president, as well as other officers, with the annual meeting of the association following at noon in the New Old South Church.

The main work of the convention went right on in spite of politics. Special attention being paid today to children and teaching in the lower schools. Kindergarten work and various branches of child study, music and physical education were discussed by well known authorities. The officers of the association gave up all hope today of obtaining the presence of Former President Roosevelt and the convention will close in Tremont Temple tomorrow evening, with addresses by Mrs. W. N. Hunt, chairman of the Women's Branch of the Farmers Institute work of North Carolina and Raleigh, N. C., President (Emeritus) Eliot of Harvard, and the new president of the association.

While the nominating committee was in session in Trinity Church parish house, nine departmental sessions and two joint sessions were in full swing. Ralph K. Jones, librarian of the University of Maine, told the department of higher education that the poorer rook-ee work was done by members of fraternities than by non-fraternity men. The local school boards of New York have been made practically useless, declared William H. Allen of the bureau of municipal research of New York before the department of child study. "Snubbed and almost reviled, this asset has been lost to the city," he concluded. "The physical condition of the average school and college girl is only fair." Elizabeth A. Wright, director of the gymnasium of Radcliffe College, informed the department of education.

The South Dakota Sails for San Francisco.

LIMA, Peru, July 7.—United States cruiser South Dakota sailed from Callao this morning for San Francisco.

WILL HAVE THE VENUS WITHDRAW

President Zelaya Makes Offer on Conditions.

Rumors Bring First Admission That He Controls Craft.

WASHINGTON, July 7.—From the State Department the report was given out today of rumors reaching it that former President Zelaya had offered to have the Venus withdrawn from Nicaraguan waters, on certain conditions. This would be the first admission from Zelaya, if the rumors prove true, that he had any control over the armed vessel which has been plying on the eastern coast of Nicaragua, although previous reports to the department connected his name with the purchase and outfitting of the Venus for service in the interest of the Madriz forces in Nicaraguan waters.

The conditions which the rumor said Zelaya had imposed were that protection be given to his personal estate in Nicaragua, which is reported to be very large, and that he be recompensed 50,000, the first payment made on the Emery claims owned by Americans and adjusted in agreement between the United States and Nicaragua, just before the uprising in the central American country. The source of the rumors was not disclosed.

The Venus, with several effective mounted guns, has been cruising along the eastern coast of Nicaragua, reducing several towns to the subjection of Madriz and otherwise assisting the cause of the Madriz government. The ship sailed from New Orleans, but it has been a matter of dispute as to where she mounted her guns.

PORTO RICO'S GOLD BONDS.

National City Bank of New York and Bank of Canada Bid Jointly.

WASHINGTON, July 7.—The National City Bank of New York and the Royal Bank of Canada jointly bid $100.0626 for the $125,000 four per cent gold bonds of the government of Porto Rico. The bids were opened today. The joint bid was the highest, except that for only one bond, submitted by Edward B. Folse of Oakridge, La., at 103¼.

BODY ON THE WAY TO CHICAGO.

Interment of Chief Justice Fuller to Take Place There.

BOSTON, July 7.—The body of the late Chief Justice Melville W. Fuller of the Supreme Court of the United States, and the funeral party which is accompanying the body, left Boston at 11:30 a. m. today in a special car attached to the regular express for Chicago. The funeral party arrived in the city a few hours earlier from Sorento, Maine, where the Chief Justice died, and where the funeral services were held yesterday. Arriving at the north terminal station the party had to transfer across the city to the south terminal station, where a train on the Boston & Albany division of the New York Central Railroad was taken. Among the better known members of the funeral party were Governor Hughes of New York, and Associate Justices Holmes and McKenna of the United States Supreme Court.

TALKS WITH MANUFACTURERS.

Consul to Havre Visits Pittsburg in Interest of Foreign Commerce.

PITTSBURG, July 7.—James E. Dunning, consul to Havre, France, is in this city conferring with manufacturers and business men as to methods of extending their trade in foreign commercial fields now neglected by Americans. Mr. Dunning's visit is the first step in a recently devised plan of Secretary Knox to increase American commerce. The secretary's plan, as explained here, contemplates bringing to this country, from time to time, the best men in the consular service to visit large cities and by personal conference with business men show them opportunities which exist in different parts of the world.

GOLD IMPORTATION MOVEMENT.

Millions of Dollars Worth of Bars Engaged for the United States.

NEW YORK, July 7.—The gold importation movement of 1910 had its inception today, with the engagement of $1,750,000 in gold bars in London, by Lazard Freres for import to the United States. Imports of the yellow metal were forecasted by the demands made on New York institutions by western banks, for funds to finance land purchases in the West. Local bankers have recently sold large amounts of American stocks abroad and are now availing themselves of these credits to strengthen their own position by importing gold.

FOR KIDNAPPING HER SON.

Minnesota Governor Makes Requisition for the Mother.

PROVIDENCE, July 7.—Governor Eberhart of Minnesota, made requisition today upon Governor Pothier for the extradition of Margaret J. Wilson, who is wanted in St. Paul under an indictment charging her with kidnapping her son. Milo J. Wilson, six years old. United States District Attorney Wilson, who has been retained by Mrs. Wilson, asked for a hearing on the matter and the governor fixed Thursday, July 14, as the date.

STEAMERS ARRIVED.

New York, July 7. Mendosa from Naples and Genoa.

New York, July 7. President Grant from Hamburg.

Boston, July 7. Philadelphia from London.

Boston, July 7. Cymric from Liverpool.

STEAMERS REPORTED.

NEW YORK, July 7.—Mauretania, from Liverpool and Queenstown for New York, 400 miles east of Sandy Hook at 7 a. m.; will dock about 7:30 a. m. Friday.

CAPE RACE, Nova Scotia, July 7.—Cincinnati, from Hamburg, etc., for New York, 1,155 miles east of Sandy Hook at 8:30 a. m.; will dock about noon Sunday.

PLAN for BOYS' WORK POSTPONEMENT OF Tonight's Meeting.

TO FORCE USE OF ITS MACHINES.

United Shoe Company Seeks to Secure Injunction.

Charges Plant Company With Violating Agreement.

BOSTON, July 7.—Shoe manufacturers of the country will watch with much interest the outcome of the legal proceedings begun today by the United Shoe Machinery Company, whose machines are being operated under lease by nearly all shoe makers, against the Thomas G. Plant Company of this city, which has replaced the machines of the United Shoe Company by those of another make. The United Company seeks an injunction in the Massachusetts supreme court to restrain the Plant company from using other machinery, in alleged violation of the agreement between the two companies.

The bill in equity states that in April of this year the Plant company took out the machines of the United Shoe Machinery Company and since then has only partially complied with the terms of the agreement in paying for the same.

The bill also includes as a defendant Thomas G. Plant, who, it is alleged, wilfully induced the Plant company to violate the leases. Anticipating such a bill, Mr. Plant issued a statement in the morning papers today to the effect that the United Company was asked to remove its machines last winter in order that the Plant company might put in another set of machines. This the United refused to do, and so the Plant company took out the machines and stored them.

POLITICS TO BE DISCUSSED.

Senators Beveridge and Carter Among Those Visiting Roosevelt.

OYSTER BAY, N. Y., July 7.—Politics, and in particular politics in the central West, was expected to be considered at a conference today at Sagamore Hill. Dudley Foulke of Indiana is here today, having come down from New York last night. Mr. Foulke has long been known as a reformer. He was appointed a civil service commissioner by Mr. Roosevelt and on several occasions when the former President wished to make a public statement of a political nature, he did so by writing an open letter to Mr. Foulke. Another Indiana Senator, Beveridge, was expected today, as well as several insurgents from the central West.

A delegation of visitors to Colonel Roosevelt arrived from New York on the noon train. There were six in the party, two of whom were United States Senators Beveridge and Carter. The others were John Bass, the war correspondent, and his brother Robert, Winston Churchill, the novelist, and James R. Sheffield. Robert Bass and Mr. Churchill are Republican insurgents of New Hampshire. Mr. Bass is a candidate for the Republican nomination for governor of New Hampshire, which Mr. Churchill endeavored unsuccessfully to obtain. The two men are to lay the situation in New Hampshire before Colonel Roosevelt, in an endeavor to enlist his sympathy and, if possible, his support in their contest.

Senator Beveridge lead the party which alighted from the train. The newspaper correspondents who are stationed here hemmed them in, but they had little to say except that they were hoping to have a pleasant talk with the colonel. "We cannot say anything now," Senator Beveridge said, throwing up his hands. "When we get back from Sagamore Hill we may have something to tell you."

The visitors said they would return to New York this afternoon.

NEWELL SILENT.

Will Neither Admit Nor Deny Conference With Roosevelt.

WASHINGTON, July 7.—Director Frederick H. Newell of the reclamation service, whose differences with Secretary of the Interior Ballinger have created general comment, returned to Washington today from New York, where it was understood he talked yesterday with former President Roosevelt. The unusual reticence of the director concerning his New York visit lends color to the report that one of the objects of his trip was to consult with Colonel Roosevelt concerning the friction with the Secretary of the Interior over the administration of reclamation service. He refused to admit that he had a conference with the former President, nor would he deny it.

The BEE HIVE.

A short time ago, one of the largest and most exclusive waist manufacturers of New York city came to us with this proposition:

"I have a lot of waists on hand on account of overproduction and if you will agree to buy them I will close them out at about half price."

We readily agreed, and we are glad we did, for in the lot are waists of the styles that are in the lead for prettiness of finish and effect. No woman seems to have too many waists and all women know a pretty waist and a good one for the money, so come and see if we were not right in buying these waists at a much lower price.

VACATION WAISTS,
Fine white lawn, with striped collars and cuffs, very pretty, very dainty, very effective, at only 49c

Tailor-Made and Lingerie Waists,
Trimmed with Val. lace and needlework, the best waist ever put out for only 98c

Cross-bar and Muslin Waists,
square neck, trimmed with needlework, for only 98c

With French pleating in the front, for only $1.98

The Very Finest Victoria Lawn Waists,
Val. insertion and needlework trimmed, for only $2.49

Medallion Trimmed Waists,
Fine batiste, for only $3.49

India Silk Waists from $1.98 to $2.75

Black Lawn Waists,
especially good for mourning purposes, for only 98c

Black India Silk and Taffeta Waists from $1.98 to $4.98

The HESS-LEYS CO

FOR WORLD CELEBRATION.

Plan to Observe Anniversary of Peace Among English-Speaking People.

NEW YORK, July 6.—The movement for a world-wide celebration in 1914 of the one hundredth anniversary of peace among English-speaking peoples took form here today, with the announcement of a committee elected to organize the work of preparation. The committee is headed by Andrew Carnegie as chairman, and announcement of the present status of the movement was made today by Chairman John A. Stewart of the executive committee of 100.

The treaty of Ghent was signed December 24, 1814, and it is proposed to commemorate the event through an invitation issued jointly by citizens of the United States and Great Britain to the world at large, to take part during 1914 in a common celebration, the exact form of which has been only tentatively discussed. Nothing in the way of a world's fair is contemplated, the committee representatives state.

It is said in the committee's behalf that the movement has been discussed with President Taft, who has expressed a sympathetic interest in the committee's work and that a delegation from the committee has arranged to visit Beverly, for the purpose of conferring with the President and formally tendering him the position of honorary president. Vice President Sherman will be asked to accept the position of honorary vice president. A committee is also arranging to go abroad and discuss the plan with leading English citizens.

GOVERNMENT WINS FLOUR CASE

Kansas City Jury Finds Commodity Was Bleached and Adulterated.

KANSAS CITY, July 6.—The jury in the bleached flour case this afternoon returned a verdict that the flour seized was adulterated and misbranded, as charged by the government. The verdict was returned in the Federal court after seven hours deliberation by the jury which for more than five weeks had listened to testimony for and against the charge of the government that 625 sacks of flour, bleached and sold by the Lexington Mill and Elevator Company of Lexington, Neb., and seized by the government while in the possession of the purchaser, a grocer at Castle, Mo., were adulterated and misbranded.

The verdicts of adulteration and misbranding were a complete victory for the government, which prosecuted the suit under the pure food and drugs act. The government charged that the flour was adulterated in that it was bleached by the Alsop process, which makes use of nitrogen peroxide in bleaching flour. Misbranding was charged in that the floor was labelled a fancy patent, whereas it was not made of first-grade, hard winter wheat.

Millers say that the bleached flour decision will handicap farmers of the Southwest, $16,000,000 a year. They are considering the establishment of bleaching stations in states where the use of bleached flour is not prohibited. Thus they say they may avoid the interstate commerce law.

PRESIDENT'S SON EXONERATED.

Absolved From All Blame for Causing Injuries to Laborer.

BOSTON, July 6.—Robert Taft, son of President Taft, was late today absolved from all blame for the accident of June 27 last at Pride's Crossing, when the young man's automobile, which he was driving, struck and knocked down Michael Tithwalla, a laborer, causing serious injuries.

The man was taken to the Beverly Hospital, where the best surgeons and attention obtainable were provided by orders of the President, and is now well on the way to complete recovery. The operator's license of Robert Taft, which was held up pending an investigation of the case, will not be granted upon application.

MIDDLETOWN.

[Regular correspondence of the news.]

Announcement is made of the coming marriage of Mr. Charles Edmond Barker, third son of Mr. and Mrs. Orin P. Barker of Providence (formerly of Middletown) to Miss Nellie Leaf Armitage, daughter of Mr. and Mrs. Alfred Armitage of Providence, Tuesday, July 19. The ceremony will take place at the Plainfield Street Free Baptist Church, Providence. Mr. George Barker, a second son of Mr. and Mrs. Barker, was married in June.

A peculiar kind of Western oats is being raised this year by a number of farmers, which promises an unusual yield. As a test case the heads have been counted. On the Western oats have been found from 140 to 180 heads on each stalk, where generally they range from 27 to 80.

Mr. Harold Eldredge of Providence is visiting Mr. and Mrs. B. W. H. Peckham on Honeyman hill.

Mr. Stewart Ritchie is completing his seventh greenhouse at the foot of Miantonomi hill. The building is 28½ feet by 100 and will soon be filled with young chrysanthemum plants. Mr. Ritchie has several houses devoted entirely to raising carnations, for which there is a year-round demand: 60,000 of these blooms were cut from the last of December to the end of May. The first of the hothouses to be built are now used for cold-houses for early plants.

Miss Etta Sherman will entertain the Oliphant Reading Club at the annual picnic this week.

SYNDICATE TO FIGHT.

Film Owners Will Appeal to Courts for Determination of Rights.

PHILADELPHIA, July 6.—That the moving picture syndicate owning the Johnson-Jeffries fight films will resort to courts of the several states to determine their right to produce the pictures was indicated here today, when one of the best known moving picture men in the country, who has a big interest in the syndicate, said that the agitation against the display of the pictures would be fought. He said too much money had been invested by the syndicate, which represents 12 different interests, to stand by and see the fight pictures prohibited without making a contest to determine the right of city authorities to stop the display.

The pictures, it was further announced, would be placed on public view in New York, Boston, Philadelphia Chicago and several other cities July 18.

BASE BALL.

National League.

CHANGE OF BAND CONCERTS.

Mayor Boyle was reported as much more comfortable this morning, his condition having returned to normal after the Fourth of July celebration and the consequent noise, which seems to have annoyed him exceedingly. On account of his illness, Chairman Shopley of the Park Commission has arranged to have the band concerts arranged for the Mall played on Touro Park. The first one scheduled for the Mall is for next Tuesday, and the next for July 21, and by that time perhaps the concerts can go on at the Mall.

Freeze Ice Cream In Ten Minutes.

That is what you can do with an **ALASKA FREEZER.** The aerating spoon dasher works exactly as you would with a mixing spoon, keeping the contents well stirred, therefore freezing them quickly and smoothly. Self adjusting scrapet bars. Tank and inside parts tinned; outside mechanism heavily galvanized. Waterproof tub, with galvanized hoops that stay on.

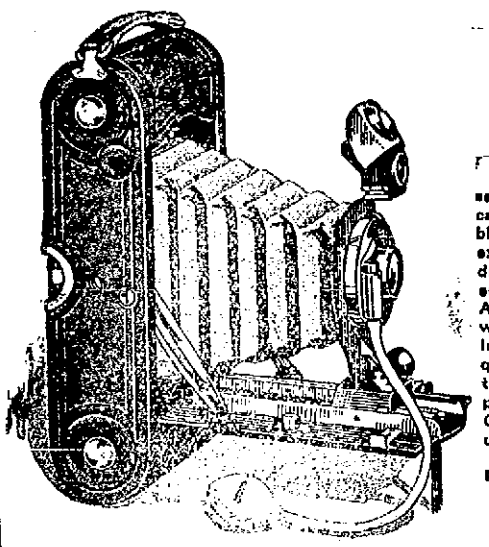

1 qt. to 8 qt. sizes in stock.

If you are wanting a freezer call and look at all these good points for yourself.

The R. A. McWHIRR CO. FALL RIVER'S GREATEST STORE, ANNOUNCE LOCKHART'S MILL END SALE.

This Tremendously Busy Sale Starts Friday Morning, July 8, and It Will Be the Biggest Retail Event We've Ever Attempted.

From ocean to ocean and from the great lakes on the north to the gulf in the south land, Lockhart's famous Mill End Sales are the most-talked-about merchandising event in this great country. Everywhere the public awaits its coming to provide its present and future needs at prices that would be utterly impossible to duplicate at any other time or place. Lockhart's Mill End Sale has a tremendous prestige, every year it has been gathering momentum and force, and the 25th Sale from an economical viewpoint will surely eclipse any of its 24 predecessors. The general unrest of the people everywhere and the high cost of living has caused curtailment and shut downs innumerable. Then to this add the most backward season for profitable manufacturing in years and you find the cause of the unprecedented break in prices and values. The situation has enabled our large corps of buyers to secure the most alluring and amazing Mill End Bargains in years, which will be placed on sale Friday morning at 9 o'clock sharp.

RAIN OR SHINE, YOU OWE IT TO YOURSELF TO COME. ALL CARS THAT DO NOT PASS OUR DOORS, TRANSFER RIGHT TO McWHIRR. ASK THE CONDUCTOR.

THE ARTICLES ADVERTISED BELOW are simply a sample of SPECIMEN of a thousand and one others fully THEIR EQUAL in VALUE AND IMPORTANCE.

Many an anxious provider, wage earner and housekeeper in this city will instantly realize the moment they step inside of this store Friday morning that their visit can be made a very profitable one for there has been carload upon carload of mill ends received at this store in the last few days, which represent the biggest aggregation of seasonable and staple merchandise of every description that was ever brought to Fall River at one time. There are simply tons and tons of needful things that you need in your homes, and prices so ridiculously low that you'll meet the most enthusiastic throng of prudent shoppers, eagerly buying it up, that you ever saw shopping in a store before. If you have never attended one of these Mill End Sales you have missed the greatest opportunity that can be brought to pass to purchase everything you need for the home and in the way of wearing apparel at practically Mill End Cost. Every department from the basement to the roof a veritable carnival of irresistible economies. FOLLOW THE GOLDEN STREAM OF YELLOW TICKETS AND GET YOUR FULL SHARE OF THESE TIMELY OFFERINGS.

Fancy White Goods 6 1/4c

A lot of pretty effects for children's dresses and aprons. Patterns and qualities that never sell less than 10c. and 12½c. yard.

Fancy White Goods - - 7c

A mixed lot, consisting of dainty stripes and figured designs. Best 12½c. and 15c. values.

Fine Long Cloth - - 10c

For cool night clothes, undermuslins and for baby clothes; 15c. quality.

White Crinkled Plisse - - - 12 1/2c

Certainly the handsomest quality you have seen for ladies' kimonos, men's pajamas, or for children's tub garments. Regular stock price 19c. yard

White Mercerized Japo - - - - - 15

A new cloth with a silky finish. Looks like china silk. Also a lot of Jacquard effects. Former price 25c. yard.

All Linen Table Damask - 69c

13 inches wide in mill end lengths of 2, 2½ and 3-yard pieces. Sells off the bolt 89c. yard. Be sure to see this lot of damasks.

All Linen Crash - - - - - 5c

And unbleached as well for a nickel a yard. One of the big bargains in the linen section. Be sure not to overlook this item tomorrow.

We Believe that Diligence Should Be Rewarded.

And we have planned and prepared several sensational Mill End Bargains to reward customers who come as soon as the doors are opened at 9 o'clock. Be sure that you are among them.

METROPOLITAN, CONGRESS and HARVARD SHIRTS

39c

Sharp at 9 o'clock

We propose to sell Metropolitan and these other popular shirts at the lowest price they have ever reached. All this season's styles. Full bodies and all sizes; 14 to 17 inches and positively worth 75c. and $1.00 each. The biggest snap for men that they have ever bought in shirts. Step lively, men, for your share. To be sold while they last.

Nemo Corsets

Run of the Factory

69c

Sharp at 9 o'clock

We will again offer 500 pairs of these celebrated Nemo seconds. Every woman in the city knows what a bargain this is. It's the regular $2.00 to $2.50 models that have been slightly damaged in the making. The rush will be on bright and early, and to be sure, make it a point to be here at 9 a. m. sharp. The models are the short and medium lengths; in all sizes; white and gray.

STRAW MATTING Suit Cases

The Best $1.00 Make

69c

Sharp at 9 o'clock

Lot of Suit Cases will be offered at less than factory costs for the best and strongest Suit Case that we know of to sell for $1.00. All edges are bound, have a strong leather handle, brass locks and bolts, and made on a solid wooden frame. Only one sold to a customer. Sale ceases at noon.

(None sold to children or peddlers. No telephone orders.)

FRUIT OF THE LOOM COTTON

Instead of 10c

7 3/4c yd.

Sharp at 9 o'clock

3,000 yards of this best liked family Bleached Cotton will be placed on sale. It's 36 inches wide, and first quality. In order that as many as possible may have a share in this bargain we limit the sale to 10 yards to a customer. Sale of this item ceases at 12 o'clock.

(None sold to peddlers or children. No telephone orders.)

FIGURED DRESS MUSLINS.

For Ladies' and Children's Dresses

3c yd.

Sharp at 9 o'clock.

We will offer 5,000 yards of dainty printed muslins. Pretty light grounds with pink, blue and black figures. Very desirable for thin, cool kimonos, waists and dresses. Every year at this time there is a big demand for just this character of thin materials for the sweltering weather. It's to be sold for 3c. from 9 until 12 o'clock, or while it lasts.

LOOK! 500 All Wire 5 cent Coat Hangers, Sale Price 1c

For sale in the Busy Basement at 9 o'clock in the morning while they last up to 12 o'clock noon. None sold to dealers, peddlers or to children, and no telephone orders. Not over five of them to a customer.

Children's Woolen Capes Worth $1.50. Sale Price 29c each

In the Ladies' Suit Dept., children's section, at 9 o'clock sharp, this matchless bargain for children will go on sale. It's a very remarkable Mill End offer and will attract wide attention. Made for children 8, 10, 12 and 14 years. Navy blue, garnet, red and tan. Prettily trimmed with braid and gilt buttons. A handsome practical wrap for young children for the cool evenings of Summer and for the early Autumn days. They are worth up to $1.50 each. To be sold while they last. Children can purchase from this lot.

LOOK! 500 of Those Pretty 10c Waste Baskets, Sale Price, 6c

Made of heavy card board, then covered with fancy wall paper, in all colors. We've sold thousands at 10c. each. The octagonal style, with slits to run your ribbons through. For sale at 9 o'clock sharp in the north aisle.—Art Dept. None C. O. D. or sold to dealers or children and no telephone orders.

A Great Music Sensation.

Your Pick of All the Very Latest Song Hits—Almost Any title That You Can Mention 5c

There are 1,500 copies in all, and they are to be sold tomorrow for a nickel a copy. What do you think of that for a speedy bargain? You'll want to come at the hours named to get near the counter. Only three copies to a customer. (No mail or telephone orders, or none sold to children.)

500 Copies at 9 A. M. 500 Copies at 2 P. M. 500 Copies at 7:30 P. M.

12½c. quality.

Mill End Price .....10c. each.

DENIED BY ROOSEVELT.

No Pledge Given by Him to Aid Poindexter for Senator.

NEW YORK, July 6.—Theodore Roosevelt today emphatically denied that he had pledged his aid yesterday to Representative Miles Poindexter, who is a candidate for the United States Senate from Washington, against Senator Piles, who belongs to the Ballinger wing of the party. "I never used the words attributed to me," said the colonel as he pounded his desk. "I never used those words that Congressman Poindexter is quoted as saying I used, and I don't believe Mr. Poindexter ever gave expression to them."

It was to the quoted statement from Poindexter that "He (Roosevelt) has always sworn by the insurgents, and I think he will probably continue to swear by them," and to his own quoted words: "Mr. Poindexter is a candidate for the United States Senate from Washington, and is politically opposed to that wing of the party in his state headed by Secretary Ballinger," that Mr. Roosevelt took the greatest and most emphatic exception.

As explanatory of his own actual state of mind, Colonel Roosevelt issued the following prepared statement:

"Mr. Roosevelt will see many Senators, Congressmen, Assemblymen and other public officials representing every phase of political opinion. He declines to be responsible for any statements except those he himself makes. He has said nothing and intends to say nothing as to any contest for a nomination. If he has anything to say on such a subject it will be done over his own signature.

"All that was said between him and Mr. Poindexter was that he was pleased to find, as he had expected from Mr. Poindexter's past record, that Mr. Poindexter was heartily in sympathy with Mr. Roosevelt's views on conservation and other similar subjects. Mr. Roosevelt made no statement whatever and expressed no opinions on the Senatorial contest and Mr. Poindexter never asked him to express such opinions.

"Mr. Roosevelt believes that Mr. Poindexter is not responsible for the statements that have appeared, certainly in so far as these statements have quoted Mr. Roosevelt as above indicated, and he believes they have no foundation whatever in fact."

AGAIN FLIES OVER OCEAN.

Curtiss Says There Are Fewer Sudden Changes in Air Currents.

ATLANTIC CITY, N. J., July 6.—Glenn H. Curtiss this evening made another flight over the ocean, starting at 5:30 and spending 12 minutes and 13 seconds in the air. Curtiss on his return to the beach declared he is entirely satisfied that flying over the sea is more certain than flights over land, because of fewer sudden changes in air currents.

Failure to clear an incoming wave as he attempted his first start allowed spray from the breakers to strike the propeller of the machine, moving at 1,200 revolutions a minute. The impact split one of the blades and Curtiss only saved himself from a tumble by a quick descent to the beach.

Curtiss decided not to follow out his first intention of attempting an altitude flight and instead made a test for speed. After facing the easterly wind to the inlet he turned and drove down the beach with the strong breeze directly behind him at a speed, which he calculated, touched 80 miles an hour.

Both in going with and against the wind the plane held perfectly steady, and Curtiss afterward made wide circles over the sea without finding any bad air eddies.

FOR ST. MARY'S ORPHANAGE FAIR.

The annual fair for the benefit of St Mary's Orphanage, East Providence, will be held about the end of the month at the residence of Mrs. William Grosvenor, Beacon Hill. The Fort Adams and Training Station bands have been engaged and there will be dancing and fortune telling. There will be several tents on the lawn and the tables which have been provided for will be as follows: The Misses Wetmore, fruit and flowers; Mrs. French E. Chadwick, cake; Mrs. Arnold Hague and Miss Iola Mason, novelties; Mrs. R. C. Derby, tea; Mrs. J. J. Mason, ice cream. Other assistants include Miss C. Ogden Jones and Miss Betton. Those who attend the fair will not only aid a worthy cause but will enjoy the beautiful view, at Mrs. Grosvenor's home, of the bay and ocean.

PERSONALS.

....Charles R. Heike, convicted June 10 last of conspiracy to defraud the government out of customs duties by means of under-weighing imported sugar, has resigned voluntarily as secretary from the American Sugar Refining Company of New Jersey, and as secretary and treasurer of the New York Company. It is understood that the resignation will be accepted.

....Friends of Associate Justice William H. Moody of the United States Supreme Court still hold to the opinion that he will not resign at present and some of them go so far as to say he will not accept the provisions of his retirement act. No statement direct from Justice Moody can be obtained, as his illness excuses him from answering any question bearing upon his condition or his feeling in the matter.

....Several Baptist institutions will be benefitted by the will of the late Samuel A. Crozier of Chester, Pa. Crozier Theological Seminary is given $50,000, the church at Chester, of which Mr. Crozier was a member, $30,000, and the American Baptist Publication Society, the American Baptist Missionary Union and the American Baptist Missionary Society $5,000 each. The remainder of the estate, which is estimated at several millions of dollars, goes to relatives.

....Like William B. Allison of Iowa, John W. Daniel of Virginia died with more than a full six years' term of service in the Senate ahead of him. Each was serving out the last year of an expiring term and had been re-elected. Mr. Allison sat in the Senate more than 35 years, while Mr. Daniel was in his twenty-fourth years of service. Each had been nominated first under the caucus system and then under the primary system, when the latter method supplanted the former. Their tenure was unaffected by the change, because both enjoyed to an exceptional degree the confidence and affection of the commonwealths which they represented.

....Notwithstanding efforts to keep the news from the public, it has become known that Senor Don Ignacio Calderon, minister to the United States from Bolivia, was married in Mamaroneck Monday to Miss Beatrice Monica Ainley, for several years a trained nurse in the Calderon household. Few of the friends of either knew of the ceremony, and these were pledged to secrecy. Even the immediate family of Senor Calderon was kept in ignorance of his step. Mme. George Zalles, his daughter and one of the most popular of the diplomatic set, first learned of it when details were asked for at her home in Washington.

LIQUID FUEL FOR SPEED.

Navy Department Plans to Use Oil on Board Battleships and Torpedo Boat Destroyers.

Important experiments will be conducted on the Delaware and North Dakota with liquid fuel on board battleships. Similar experiments with that type fo fuel applied to torpedo boat destroyers has also been planned by the Navy Department. It has been decided to adopt oil as a fuel on the destroyers operating in the Atlantic and in the neighborhood of the Pacific coast.

It will not be possible, however to depend upon oil as a fuel in the case of the type of war vessels stationed in Asiatic waters. There is a certain amount of vulnerability about an oil tank or other reservoirs for the supply of that class of fuel, and it is believed that the torpedo boat destroyers operating in Philippine waters, for instance, or making Manila or Olongapo a base of supplies, will need to be a combination boat, using both coal and oil as best suits the situation, or else depend entirely upon coal. When the base of supply is any point along the coast line it will be possible to establish a depot for a reserve stock, and there will be five of these depots, according to the present intentions of the naval authorities.

Nothing is known concerning the use of liquid fuel on board torpedo boat destroyers to justify its permanent adoption, although the British admiralty has gone back to coal. This action is due entirely to the prospect that in time of war the English destroyers would not be able to obtain liquid fuel. So far as the test with oil as a battleship fuel indicates its advantages, it has been reported that it is possible on board a ship where oil is used in place of coal to reduce materially the fireroom force and to eliminate ashes. There is also a convenience of stowage, as it is possible to place the oil in compartments which could not be occupied by coal. Then, too, it can be taken on board and handled much more rapidly and easily than coal, with an elimination of the hard manual labor involved in coaling ship.

A prime consideration is the fact that speed can be increased almost at once, which is not the case where coal is burned. One of the greatest problems of the navy has been the height of the smokestacks on both destroyers and battleships, a question which has not been settled. The condition of smoke obscuring the vision and interfering with operations is in a measure removed by the use of oil, in which case there is no smoke except when the ship is at full power. Altogether, the more the naval authorities hear and learn about liquid fuel the more they are convinced that its use will be extended.

CHARLES FAIRCHILD.

Death of a Long-Time Summer Resident, Owning a House on Washington Street.

Mr. Charles Fairchild, who had been a summer resident for 25 years, owning and occupying a house on Washington street, died at his home here this morning, in his seventy-third year. He had been in poor health for several years, and had been in Newport about three weeks.

Mr. Fairchild was a member of a prominent Boston and New York family. Since coming to Newport he had lived a quiet life, coming early in the summer and remaining until late in the autumn, enjoying the beauties of the place and the seclusion for active social life which the Washington Street section affords. He was well known among the residents of the Point district. He is survived by a widow, four sons and two daughters, one of his sons being Mr. Blair Fairchild, who married Miss Cushing, daughter of the late Thomas F. Cushing, and is a well known composer, at present in Paris.

CHAFING

All Skin Irritation and Odors caused by Perspiration or Heat are speedily removed by

E. S. SYKES Comfort Antiseptic Toilet Powder

a skilfully medicated Toilet Powder which is no more like ordinary Talcum Powder than cream is like skimmed milk being perfectly harmless to the most delicate skin and possessing unequalled healing and soothing power.

Look for the name E. S. SYKES on every box. None genuine without it.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Newport Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Newport testimony:

John L. Cookinham, 20 Poplar Street, Newport, R. I., says: "I was greatly benefited by Doan's Kidney Pills procured from Wright & Hay's Drug Store and can therefore recommend them. I suffered almost constantly for two years from kidney complaint and rheumatism. There were such terrible pains in my back at times that I could scarcely turn over in bed and many nights I could not sleep at all. Rheumatism made its appearance in my right limb and gradually extended into my arms and shoulders. Doan's Kidney Pills went directly to the seat of my trouble and brought me entire relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

THE OAK AND THE BROOK.

[George Birdseye, in Boston Transcript.]

Beside the Brook, but yesterday,
A noble Oak spread arms above;
And, to the stream that near him lay,
Stretched clasping roots as though in love.

Here, where he bravely stood, he died:
The woodman's axe has laid him low.
Today he rests in peace, beside
The weeping Brook that loved him so.

Long had she played beneath his shade,
And laughed in joy, where now she grieves;
While the fond Oak upon her laid
His billet-doux of whispering leaves.

She saw descend the fatal stroke—
She sings his solemn dirge the while.
Ah lovers of the fallen Oak,
How can the Brook reflect your smile?

FANCIES.

When a bank cashier disappears without explanation, no explanation is needed.—[Life.

Angry father (to son)—You never saw me getting into a scrape like that when I was a boy.

Flippant son—No, dad, I never did. —[Boston Transcript.

"Early to bed and early to rise," quoted the prudent citizen.

"Makes many a man a nuisance with the lawn mower," interrupted Mr. Crossbits.—[Washington Star.

Mrs. Caller (enthusiastically)—Isn't this the dearest little flat you have here!

Mrs. Inan—No; the one below is 20 more a month.—[Boston Transcript.

"Why did you run that new doctor out of town? He was a scientist and a genius."

"Mebbe so. But he tried ter interdooce a noo remedy fer snakebite."—[Cleveland Leader.

"Half the world doesn't know how the other half lives."

"Possibly," answered Miss Caustic, "but that isn't the fault of the ladies who get together with their knitting on the piazza at our hotel."—[Brooklyn Life.

Manager of Hicksburg Theatre—Well, how's things theatrical in little old New York?

Actyn Barnes (gloomily)—The best I can tell you, my friend, is that The New Theatre is still a non-moving picture house.—[Puck.

"I am glad to see your interest in a safe and sane Fourth of July," said the man who gives advice. "It will save the children from much danger."

"Not only that," replied the city official, "but it will protect the parents who want to show off before the children every year."—[Washington Transcript.

"Well, Silas, did you enjoy your trip to London? What did you find new there?"

"Why, somethin' mouth seein'. The hull place is full o' cabs with cash registers on 'em, an' red flags to show folks it's dangerous to dispute the fare. They call 'em taxidermy cabs, 'cause of you don't mind the drivers 'll jest take the skin off ye."—[Tit-Bits.

Drink Williams' Root Beer when it is too hot to eat. It will cool you off and give you an appetite.

ST. JAMES'S AND THE WHITE HOUSE.

Very likely it is true, as Champ Clark said, that "had George V of England in the short time he has been on the throne tried to put through as many laws as did President Roosevelt in his last administration he would have been ousted from his kingship by this time. Had he vetoed as many measures as did President Cleveland he would have been taken out in front of his palace and beheaded." Yet if all that is true it does not amount to an arraignment of our Presidents. Many people think there is too much activity on the part of executives, state and national, but they do not admit the justice of any such analogy as that drawn by the Democratic leader of the House of Representatives.

The President is our chief executive, but it is a good deal of a question whether the British king can be regarded as an executive at all. Writs run in the king's name, but all the administrative machinery is operated by the ministry, which is made up from Parliament and mainly from the popular branch thereof. The fact that Cleveland and Roosevelt were selected for their place, and George V received his by inheritance, just as a man may receive a house or a factory, makes all the difference in the world. Perhaps there is even more reason for a different popular attitude in the fact that George may last for 40 years—his grandmother lasted more than 60—while a President cannot last more than four years without taking the opinion of the people on the question. There is no way of being rid of a king except to depose him or cut off his head, while a President will rotate out of office in a short time any way.

There is far more analogy between the President and the British premier. It is rather common to speak of our Secretary of State as the premier, but there is not the slightest resemblance between his position and that of a premier or prime minister of any constitutional monarchy. That is, however a good deal of resemblance between our President and the prime minister of a constitutional king.

LIBEL BY PRAYER.

The prayer offered by Edward Everett, which was described in a Boston newspaper as "the most eloquent ever uttered to a Boston audience," is not the only petition to the throne of grace which was composed chiefly to be overheard in process of transmission. A large proportion of the prayers of chaplains of conventions and legislative bodies are in fact, though not in form, addressed to the assemblies. The deacon who was called to order because he had exceeded the time limit at a heated meeting of the congregation, and who submitted with the explanation that he "would put the rest of his remarks in the form of a prayer," understood the possibility of addressing a prayer to the audience.

A slight variation on this conception of prayer has given rise in Illinois to a libel suit. Most of the litigation caused by the merging of the Presbyterian Church, North, with the Cumberland Church has been over the possession of the church property but this introduces an element of novelty. It was unfortunately at a funeral—that of one of the Cumberlanders—where the painful incident occurred. Brother Strohl opened the solemn ceremonies with a prayer in which he asked for the bestowment of more grace upon the Presbyterian pastor. Rev. Mr. Fisher, we regret to say, took this kindly petition in ill part and followed with a prayer in which he said: "O Lord, make Brother Strohl a better man; cause him to pay his debts and cease backbiting." After the close of the prayer Brother Strohl invited the pastor to offer another prayer "and straighten things up with the Lord," but this the pastor refused to do.

Of course Brother Strohl desires to be a better man—that's what he's in the church for—and he ought to have been glad to be prayed for. Yet, some how, he wasn't, and in view of his previous prayerful intimation that the minister needed more grace it seems as if he had invited the intercessory attentions of the minister. However, he refuses to recognize himself as the aggressor and has sued the minister for $500 damages to his reputation.

SAVINGS BANK INSURANCE.

The scheme of savings bank insurance seems to be working successfully in Massachusetts, where the experiment has been on trial about two years. A considerable amount of business has been done by the two banks which have undertaken the work, and the best result has been that those who have benefitted by the plan have been largely of the working class, who have thus been enabled to secure protection for their families at a much lower sum than was possible from the regular insurance companies. This reduction in price is made possible by the much lower expense involved in the conduct of the business. It has been one of the aims of the promoters of the scheme that it should be made as inexpensive as possible, in order to benefit the poorer classes, and that aim has been realized so well that the cost of life insurance has been greatly reduced to the patrons of the institutions which have dealt in this business. This is an important matter to the working people, who need insurance really more than those of larger means, and yet have been prohibited from securing it because of the high prices charged by the regular companies.

The working people have profited in indirect as well as direct ways by the introduction of these savings bank insurance features. Not only has the rate charged by these banks been greatly reduced from that asked by the industrial companies, but the latter have been obliged to lower their figures to conform more nearly to those established by the savings banks. This has been a benefit to the poorer classes, because it has opened to some of them the possibility of insurance through the regular companies, which were closed to them before because the rates charged were prohibitive to men of their means. The insurance business, like any other, feels the touch of competition and soon after these savings banks fixed a lower rate the industrial companies decided that they must act along the same line, in order to compete with them and secure if possible some of the business which was going to the banks.

In a third way the result of the introduction of this insurance business by the savings banks has affected favorably the working classes, for the reduction of charges by the industrial companies in Massachusetts to meet the competition of the banks was of course followed the country over, as these companies operate in a wide field and are not limited to a single state. It was impossible, therefore, for them to lower their rates in Massachusetts only, but they were obliged to change them everywhere, with the result of cheaper insurance all over the country as the result of the establishment of two savings bank companies in Massachusetts. This has been a great boon to the working people of the country and has been one of the best of the results, direct and indirect, which have grown out of this experiment. Other concessions of considerable importance have also been made by the regular companies, because of the establishment of insurance features by these savings banks, and altogether the benefits received by the poorer classes through this agency have been large and of much importance.

Though the plan is still to be considered experimental in its nature, the possibilities are recognized as great. It must be remembered that all the good results thus far achieved have come from the work of only two banks in a single state. What the results would be if there was a general acceptance of the plan all over the country can only be vaguely estimated from what has already been gained. There is no question, however, that this is an excellent scheme for the working people and has already operated greatly to their advantage. There is no question, also, that something of this sort was needed by this class, which has been paying much more for insurance in proportion to its means than those who can afford to pay higher prices. It is for this class that the business was established and it is clearly in the interests of that class that it is working.

William J. Bryan declines to be a candidate for United States Senator and intends to discourage further activity among his political supporters to that end. He says he is enlisted in the cause for prohibition in Nebraska and feels that he can do his duty better in that interest without being hampered by candidacy for any office. In his published statement he says: "I am needed in this state fight (for prohibition) and shall have plenty to do. The people of the state have done a great deal for me and I have not had a chance to do much for them in return. I have an opportunity now and I shall show my gratitude for past favors by rendering such services as a private citizen can render by helping to keep our party from becoming the tool of the liquor and other special interests."

Building Inspector Sullivan says there is a large amount of building going on this year, and no one is in better position to know it than he. There are still those who are disposed to go ahead without complying with that part of the law that requires that they shall first secure a permit, but as he travels a good deal during a day these are finding that they do not go very far before they are held up. The day of building out over the public streets seems to be ended and hardly a week passes now but several plans of this sort are vetoed by the inspector.

The name of Secretary of State Philander C. Knox is being brought forward prominently as a possible successor to Melville W. Fuller as chief justice of the Supreme Court. Between Governor Hughes and Secretary Knox President Taft may have difficulty in making a choice, but the country can be assured, with either selected, that it will have an able head of its highest court.

The committee on new police station is to be commended, in that its members have at last awakened to the fact that there may be other, and more suitable, sites for the building. The opinion in the community that the present location is not the best has been general outside the committee.

The Georgia peach crop promises to be a record-breaker. The fruit is of fine quality and will soon be in the market, at cheap prices and in great plenty. This is pleasant news from the South.

President Taft is having a real vacation for ten days, and could scarcely have better weather in which to enjoy it.

A WORLD'S FAIR IN CHINA.

[American Review of Reviews.]

Nankin, the old capital city of the Chinese Ming dynasty, on the Yangtsze river, is this summer inviting the nations to the unique spectacle of a Chinese world's fair. The exposition is to open June 1 and remain open for six months. This first "White City" in China will be a creditable imitation, though on a smaller scale, of the well-known expositions of Europe and America. Nankin has a larger inclosed area than even Pekin, the walled circumference being 25 miles.

The exposition will occupy a space of 500 by 400 yards, and will be situated about half way between the outer and the centre of the city, near the Sanpaio station of the Nankin City Railroad. The entire enterprise has been generally conceived on modern lines, both in regard to architectural design and landscape features. The grounds have been judiciously laid out, with broad roads and with due consideration for the grenic effect to be obtained by leaving some of the natural growth, especially the bamboo groves, as a background for the buildings. The well-known landscape features of modern Western expositions have been copied, with their attractive lawns, flower beds, and paths, while numerous unsightly ponds of malarial properties have been converted into ornamental lagoons. With a single exception, the chief buildings are of one story, and on this account have not furnished the scope for architectural display to be secured in larger structures of this character; but no little pains have been spent on the design and construction of each individual building, and on its suitable position as related to the general scheme of the exposition. Ample pleasure grounds are found outside the exhibition proper, and there is a race course having a circuit of one mile.

The exhibits cover the widest possible range and include all kinds of Chinese and foreign products, manufactures, and machinery together with a large variety of exhibits relating to education, the liberal arts, and the various philanthropic and missionary enterprises in China.

FAMOUS LOVERS OF CATS.

[Arthur Tomson, in Century.]

A few people of considerable mind have already known how to treat the cat with honor. It is, perhaps, hardly necessary to repeat the ancient story of Mohammed—how, rising from his seat and fearful of awaking the cat that was sleeping on his sleeve, he cut off that part of his garment and left her undisturbed. Richelieu, also, found pleasure and relief in the society of cats, yet he can be regarded as only incompletely a cat lover. kittens only. He loved to keep a family of them in his study until they arrived at a certain age; but when they were three months old he had them taken away, and replaced by others that were younger. Moncrieff also loved cats, and wrote about them, as did Baudelaire, and Hoffmann, and Gautier, and Edgar Allan Poe.

INSTRUCTION.

CODDINGTON SUMMER SCHOOL

Opens July 11, 1910, at 9 A. M.

Intended to assist those who wish to make up grade work or who are seeking double promotion. Terms reasonable. Inquire of

D. B. CAMPBELL,

AROUND RHODE ISLAND.

Animated Public Hearing Over Seekonk River Bridges.

Providence Among the Safe and Sane Fourth of July Cities—Saved from Drowning by a Boy.

The public hearing given Wednesday afternoon in Providence by a board of officers of the United States engineer corps, on a petition to have the draw bridges over the Seekonk closed certain hours each day to shipping, developed into an animated and heated conflict. Officials of the New Haven road and the Rhode Island Company and Alderman John Kelso of Providence, represented all the interests in favor of the petitioners while a score of persons spoke strongly against "bottling up Pawtucket" or interfering with the shipping. The hearing was conducted by Colonel Frederic V. Abbot of Boston, Lieutenant Colonel J. C. Sanford of this city and Lieutenant Colonel Harry Taylor of New London. Colonel Abbot announced that it was for the purpose of receiving arguments relative to the establishment of regulations concerning the opening and closing of the draws over the Seekonk river.

In a table giving the toll of the Fourth in lives, casualties and property, compiled by the Chicago Record-Herald, Providence is prominently mentioned among the safe and sane cities, where there was no loss of life, and the injured were comparatively few. The figures given in this table show that no persons were killed in Providence; the total of those injured was 15, nine of whom were injured by fireworks, two by cannon, two by firearms, one by gunpowder and one by a toy pistol. Providence is compared with six other large cities, of which Chicago, St. Louis and Los Angeles were safe and sane, while the others were not. The figures in this comparison show that in Providence there were no deaths and 15 injuries, in Chicago 4 deaths and 24 injuries, in Philadelphia 1 death and 223 injuries, in Los Angeles no deaths and 23 injuries, in Pittsburg 3 deaths and 11 injuries, in Boston, no deaths and 30 injuries, and in St. Louis no deaths and 19 injuries. Pittsburg, with three dead and 11 injured, leads all other cities in the country. The most significant facts to be gleaned from the reports from the 97 cities are to be found in the total figures. This year the total number of deaths was 18 as compared with the total number of a year ago, which was given as 155. Two years ago, in 1908, the list of the killed numbered 72.

Through the quickness and bravery of Selden Anderson, 13 years old, who is a son of Walter R. Anderson, Dorothy Chipman, the four-year-old daughter of Mr. and Mrs. Albert H. Chipman of Providence, was saved from drowning on the evening of the Fourth in the Bullock's Point creek at Pine Crest, a little below Crescent Park. Dorothy and a little boy went to what is known as the railroad cut to play about the bank, and she fell into the water. Either too frightened to cry out, or so choked with water that she was unable to do so, the girl struggled alone. Anderson saw her plight, dove fully clad into the water and seized her. He was not able to make much headway against the swift current, but held the girl above water. Her grandmother happened along the bank just at this time, searching for the tot. Seeing the two in the water, she called for help. Walter R. Anderson, who has a cottage at the place, and Rev. Nathan Bailey, who also lives there in the summer, ran to the scene. Mr. Anderson reached it first, and plunging into the water pulled both children to the bank. Dorothy was gasping. After two hours, she was in condition to go home.

St. James Church, Providence, has called Rev. Charles W. Forster, curate of St. Matthew's Church, Worcester, to become rector to fill the vacancy caused by the recent resignation of Rev. Robert B. Parker. The vestry unanimously voted to extend the call, and a delegation from the committee visited Worcester to urge his acceptance of the call. Rev. Mr. Forster is a young man of 29 years, unmarried, and has been actively engaged in mission and parish work for eight years. He has been in Worcester in his present position for the past four years. During the past few years Mr. Forster has received many calls, and it is not the right that he will give his final decision on the action of St. James Church for a week or so. The committee, however, has received an intimation that he will accept the call, since he has many friends in Providence. He is a Canadian and a graduate of a Canadian college.

At a special meeting of stockholders of the Providence, Warren & Bristol Railroad Company, it was voted to issue additional stock, to the extent of $1,000,000, at a price of $150 a share (par $100) to the present stockholders. The meeting was long and not entirely harmonious. Of the $1,000,000 issue authorized, about $300,000 will be used in the work of double-tracking the road between Warren and Fall River, but the Warren & Bristol does not pay all the expense of this improvement. About $300,000 will be used to buy of the New Haven, the electric power house and other improvements which the operating company has built and paid for since the days of steam power on the line. The outstanding stock of the Providence, Warren & Bristol consists of $287,300 common and $150,000 preferred, on which six per cent is paid. The minority stockholders protested the price of $150 for the stock, and a motion was made to fix the figure at $120, to bring the new shares on a five cent basis, but this motion did not prevail.

A large farmhouse, two barns, one large shed and several smaller buildings, owned by Henry A. Lawton of Scituate, were completely destroyed by a fierce fire early Wednesday evening. Two horses perished in the flames and the workmen employed on the place were just able, by dint of hard effort, to lead 50 head of cattle from the furnace. The loss is estimated at between $12,000 and $16,000. Mr. Lawton's farm is situated on what is known as Bald Hill, in Scituate, and is about two miles beyond Fiskeville Four Corners. The buildings were close together, and the fire, having a good start and fanned by a strong wind, ate into the dry timbers in resistless fashion. Before the fire finally started in the dwelling most of the furnishings had been removed. Built as they were, close together, the whole group at one time made one great spectacular blaze, which lighted up the countryside for miles around. Within two hours after the time that the first trace of the fire was discovered the fine country place was a mass of smouldering embers, not even a rafter standing.

Darius D. Farnum of Woonsocket furnishes the information, which is gleaned from his diary records, that the rainfall for the three months of April, May and June in 1910 was 4 1-6 inches, which is the lightest during these three months in a 50-year period. The next light rainfall during the same three months in the half-century was 5 4-10 inches in 1880. Concerning the other extremes in rainfalls during his time, Mr. Farnum says the heaviest in the months of April, May and June in 50 years was in 1868 when 18 5-18 inches fell. Next to that record the next heaviest rainfall during April, May and June in the 50 years was 17½ inches in 1901.

THE WEATHER.

BOSTON, July 7, 8 A. M.—Forecast for Boston and vicinity—Unsettled, possibly with local showers tonight; Friday fair; moderate westerly to southwesterly winds.

WEATHER CONDITIONS.

Unsettled, showery conditions prevail in the lower Lake region, the southern states and Manitoba. The pressure is near the normal in the southeast and above normal on the northern Pacific slope. Elsewhere it is generally rather low. There has been little change in temperature distribution as compared with Wednesday morning. Seasonable summer temperatures have prevailed over the greater part of the country. In New England the minimum temperature during the night ranged from 60 at Greenville, Maine, to 60 at Boston and Portland, Maine. In New York at 8 a. m. it was 68, Washington 72, Jacksonville 78, St. Louis 74, Chicago 72, St. Paul 66, Des Moines 64, Kansas City 74, Denver 62, San Francisco 48, San Diego 64, and Portland, Oregon, 54.

The Usual Semi-Annual Dividend at the rate of 4 per cent per annum will be paid to the depositors on and after July 15th, 1910.

GEORGE H. PROUD, Treasurer.

Ocean Highland Co.

THE ANNUAL MEETING of the Ocean Highland Company will be held at 2 o'clock P. M., July 12, 1910, at the office of Chas. E. Weeden, Jamestown, R. I.

PHILIP CASWELL, President.

GOOD TAILORING

Good Tailoring of the parts you don't see, helps clothes to keep their shape. A suit may look very nice when you try it on, but the trying out—the wearing—counts most.

B. STERN & SON'S

Clothes are tailored to stay; the longer you wear them the better you like them. All the season's newest fabrics and patterns, at your disposal.

NEIL McLENNAN,
Agent.
111 Broadway, Opp. Mann Ave.

The NEWPORT JOURNAL
AND WEEKLY NEWS.

THE
NEWPORT HOSPITAL,
Newport, R. I.

The annual meeting of the Corporation of the Newport Hospital will be held at the hospital Tuesday, July 12, 1910, at 3:30 o'clock P. M.

H. G. Wilks, Sec'y.

Newport, R. I., July 5,

TAFT WILL EXTEND VACATION.

President to Take a Ten Days' Cruise on Board the Mayflower.

BEVERLY, Mass., July 7.—President Taft is going to extend the ten days' vacation, which he began yesterday, by taking a ten days' cruise on the Mayflower beginning July 18. The President's present vacation is not up until July 16, so this will leave only Sunday, July 17, intervening. Accompanied by all the members of his immediate family, by his brother, Horace D. Taft, and by as many friends as the limited quarters of the Mayflower will accommodate, the President will set sail up the north coast. He will stop for a day or two at Bar Harbor and may drop in at several other resorts and points of interest. The golf sticks will be carried along and whenever an attractive looking set of links appears on the horizon, the Mayflower will anchor forthwith. Commander Swowden is in command of the Mayflower. There is a chance that the tiny little Sylph may trail along in the wake of the Mayflower as a convoy, but this has not been determined. The President golfed this morning.

NO IMMEDIATE REDUCTION.

Inquiries for Gold Bars Prospects of Decrease in Bank Rate.

LONDON, July 7.—American and continental inquiries for gold have effectually barred all prospects of an immediate reduction in the bank rate. The directors of the Bank of England this morning decided to maintain the 3 per cent rate, although dealing on that basis at the present rate of exchange represents a loss.

ROYAL HOUSES REPRESENTED.

The Duke d'Alencon Buried in Orleans Beside His Wife.

DREUX, France, July 7.—The Duke d'Alencon was buried today in Orleans, in the chapel beside his wife, who was burned to death in the charity bazaar fire of 1897. The King of Bulgaria, representatives of the royal houses of Spain, Portugal and Belgium and members of the French Bourbon family, were present. Strong detachments of troops preserved order. The Duke d'Alencon was a second son of Louis Nemours, who died in 1896, and a grandson of Louis Philippe, King of the French. He was born in 1844 and his elder brother is claimant to the French throne.

RECORD SHIPMENT IN 1909.

Lake Superior Region Sent Out Millions of Tons of Iron Ore.

WASHINGTON, July 7.—More iron ore was shipped from the Lake Superior region in 1909 than ever before in any single year. The quantity, according to a report just issued by the United States Geological Survey, was 42,504,110 long tons. The Lake Superior ore represented about 80 per cent of the total iron production of the United States.

THREE 57-FOOTERS.

Only Yachts in the Regatta Start With Little Wind, But Fair Breeze Coming Home.

Only three yachts, the three 57-footers, took part in the sixty-third annual regatta of the New York Yacht Club off Brenton's Reef this morning. The conditions were ideal for a rowing race when the yachts left the harbor in tow, but later the wind came out with some force from the southwest and the boats had a fair sailing breeze.

At 2:40 the yachts were visible from the Graves Point Fishing Club, just coming in sight after the beat to the mark off Block Island.

Tomorrow the Newport Yacht Racing Association is to give a race and Saturday the New York Yacht Club will have a race for what are called the Newport cups.

LOCAL BREEFS.

—Miss Honor Fitzmaurice is visiting in Providence.

—Mrs. David W. Bucklin is spending the season at Southbridge, Mass.

—DeBlois & Eldridge have leased for Mrs. David King her property on Bellevue avenue, known as "Kingscote," to James Brown of New York.

—Miss Catherine Fink of Utica, N. Y., is spending her vacation here.

—Steam yacht Aloha, Commodore James, arrived, and steam yacht Atlantic, Mr. Whitney, has sailed. Steam yacht Cynthia also arrived.

—No excuse was given for it, but it is a fact, nevertheless. The train due here at 9 o'clock this morning arrived so early that the passengers were on Thames street before 9. When that train is only 20 minutes late it is considered on time.

—The police had one prisoner this morning, on a charge of wife beating. He was fined $10 and costs. A stranger, a woman, was placed on probation. A prisoner at the jail was taken to the Newport Hospital this morning in the ambulance.

—Mr. and Mrs. George L. Everett, C. F. Slade, G. F. Stone, and M. E. Murray of Boston; Mr. and Mrs. Leopold Fuda of Berlin, Henry T. Miller of Hartford and Myron D. Fuller and P. L. Dringold of New York are registered at the Perry House.

—Cruiser Montgomery arrived Wednesday from Belfast, Maine, where she participated in the Fourth of July celebration. After coaling at Bradford the cruiser returned here and is at the Torpedo Station, taking on supplies for the Atlantic battleship fleet.

—There is a little water leaving the Water Works ponds daily; Wednesday the pumps pumped about 4,000,000 gallons. At this rate of consumption the ponds at Easton's will not last all summer and recourse must be had to the Paradise ponds. A great deal of that 4,000,000 gallons is wasted.

—The two old buildings at the corner of Second and Elm streets, which for years have been neglected and had finally reached such a state of disrepair that they were falling down and endangering the inhabitants of the neighborhood, especially the children, have been cleared of the more dangerous portions and fenced in, through the efforts of Inspector of Buildings Sullivan.

—A horse drawing a large load of furniture, coming from Jamestown, fell just as he reached the Thames Street pavement at Ferry wharf about 10 o'clock this morning and for a while there was a complete blockade of the roadway. All sorts of suggestions were offered by passers-by but finally the driver, with assistance, had the horse on his feet and the blockade was broken.

—The contents of the Charles Astor Bristed house, which was recently sold at auction to Mr. James Griswold Wentz, will be moved to "Lyndenhurst," where they will be sold at sheriff's sale to satisfy the claims of business men who attached them when they learned that the estate was to be sold. The furnishings are still in the custody of a keeper and will remain so until sold.

ACCIDENTS OCCUR AT AVIATION MEET.

The Duration Record Broken By Olieslagers.

About 155 Miles Covered in Less Than Four Hours.

BETHANY PLAIN, Rheims, July 7.—M. Olieslagers today broke the duration record at the aviation meet, now in progress here. He remained in the air for three hours and 45 seconds, and covered a distance of 155 miles. During the speed contest Leon Morane, the French aviator, covered 20 kilos (12.42 miles) in 13 minutes and 42 seconds. Hubert Latham and M. Labouchere, in the distance contest, circled the field round after round together. During one of the flights Weyman, an American aviator, fell. He was uninjured, but his machine was wrecked. M. Petrowski of Russia, also met with an accident being precipitated to the ground by the rush of air from the motor of M. Kinet of Belgium, who passed within 15 feet of the Russian's machine.

ACCIDENT BARS LONG FLIGHT.

Graham White Descends Because of Aeroplane's Damaged Propeller.

LONDON, July 7.—Graham White, who was beaten by Paulhan, the Frenchman, in the contest for a flight from London to Manchester, left the Crystal Palace today for a flight to Bournemouth, where an aviation meeting is being held in connection with the centenary celebration. The distance is 105 miles and White will descend at Winchester, to get a supply of petroleum. Later an accident to his propeller forced White to descend after a brief flight. The aeroplane was damaged in the descent.

AFTER ALTITUDE RECORD.

With Favorable Weather Curtiss and Hamilton to Continue Flights.

ATLANTIC CITY, N. J., July 7.—With favorable weather conditions Glenn H. Curtiss and Charles K. Hamilton, who have been giving exhibitions of aeroplane flights on the beach here this week, hope to be able to go after the altitude record today. Curtiss, who made a long flight out over the ocean late yesterday, says he prefers sailing over the water, as he meets with fewer baffling air currents than on land.

SEVERE SHOCK FELT.

Heaviest Earthquake Tremors Recorded at Georgetown Since January.

WASHINGTON, July 7.—A severe earthquake shock, continuing from 12:01 to 12:03 o'clock this morning, was recorded by the Georgetown University observatory. The preliminary tremors began at 11:58 o'clock and were followed three minutes later by the heaviest shock. The tremors died away at 12:14. The observers at the university say the earthquake probably was not more than 1,500 miles distant. The chief motion was east and west and was the heaviest recorded since January 1.

The weather bureau today issued a bulletin of the recording of an earthquake at about midnight, which is believed to have occurred about 1,500 miles from Washington. Direction not known.

WAVE MOTION EAST AND WEST.

Earthquake of Great Intensity Recorded at St. Ignatius Observatory.

CLEVELAND, Ohio, July 7.—An earthquake, apparently nearer and of more intensity than any other within the last six months, was recorded at the St. Ignatius College observatory last night. It is estimated that the disturbance was centered about 1,500 or 2,000 miles distant. The wave motion was east and west.

MAY LIMIT GROWTH.

Commercial Bodies Petition Spain About Monastic Orders.

MADRID, Spain, July 7.—Commercial bodies have joined in a petition to the government, in favor of limiting the growth of monastic orders. They assert that the orders are monopolizing many branches of industry and commerce. The Republican organizations have pledged themselves to support the government religious program.

PASSENGER AIRSHIP SERVICE.

Zeppelin VI to be Transferred to Baden-Baden for Summer Trips.

FRANKFORT, Germany, July 7.—The directorate of the Passenger Airship Company has decided that the Zeppelin VI, now at Friedrichshafen, be transferred to Baden-Baden to carry out the program for passenger trips during the summer. A substitute for the destroyed Deutschland will be constructed as quickly as possible.

AN INCREASE OF $65,000

Select Committee Recommends Large Sum for British Royal Family.

LONDON, July 7.—The select committee of Parliament, to consider the civil list for King George V, recommends a provision of $3,170,000 yearly for the maintenance of the Royal family. This is an increase of $65,000 over the allowance of the late king's reign.

WINS STEWARD'S CUP.

The Winnipeg Rowing Club of Manitoba Takes Final Heat.

HENLEY, England, July 7.—The Winnipeg Rowing Club of Manitoba won the final heat for the steward's challenge cup today, defeating the Mainzer Club of Mayence by two lengths in 7 minutes, 52 seconds.

SHOT TAKES EFFECT.

Man Discovered Stealing in Boston Killed by a Patrolman.

BOSTON, July 7.—A bullet from the revolver of Patrolman Michael Sullivan, fired June 29, caused the death of Joseph Benson, 28 years old, of Cambridge, in the City Hospital today. Benson, with two companions, was discovered by the patrolman stealing iron spikes in the cottage farmyard of the Boston & Albany Railroad. When he threatened to shoot the officer, Sullivan drew his revolver and fired, the shot taking effect. The other two men were captured.

NO OTHER CONFLICTING POINT.

Not Thought Likely That Germany Would Oppose Monroe Doctrine.

BERLIN, July 7.—It is unthinkable that Germany from any point of view should be inclined to oppose the Monroe Doctrine, according to a semi-official review in the Vossische Zeitung of Admiral Mahan's articles regarding the American, British and German navies, published in England recently. There is, besides, no other point on which Germany is likely to come into conflict with the United States. "Admiral Mahan could have found no reason in American affairs calling for warning Americans against Germany. He wrote in our opinion from the purest love of his own country, but he is a dreamer in political strategy and builds up circumstances which really do not exist. If we contest this train of thought we are still far from the intention of worrying ourselves in any way concerning the right and liberty of the United States to strengthen their fleet according to their own ideas."

PREPARED FOR STRIKE.

Several Thousand Employes of Women's Garment Making Places Ready.

NEW YORK, July 7.—Several thousand young women employes of women's garment making establishments, all over the city, are prepared to strike today in obedience to orders issued by the International Women's Garment Workers' Organization, which has presented demands upon the employes for increased wages and better working conditions. The strike order was expected to go into effect today, it being announced that the employers or a large percenage of them were determined not to agree to the conditions imposed by the dissatisfied employes. Several establishments, however, were said to be inclined to make peace with their workrs and sign the proposed agreements. This may reduce the number which it has been predicted would go on strike, the estimates running from 25,000 to as high as 75,000. Recognition of the union seemed to be the stumbling block in the negotiations.

LARGE EXODUS TO HOLY LAND.

Members of Holy Ghost and Us Society May Embark on the Kingdom.

FREEPORT, Maine, July 7.—A large exodus of members of the Holy Ghost and Us Colony, at Shiloh, Maine, to the Holy Land is believed to have begun this morning, when four wagons, filled with men, women, children and luggage, passed through here at sunrise. It is thought they were on their way to board the bark Kingdom, which has been sailing back and forth outside the three-mile limit off Casco bay. Rev. Frank Sandford, leader of the Shiloh Colony, for whom the sheriff of Cumberland county has a writ in a $100,000 damage suit, is believed to be on board the Kingdom and, to avoid the sheriff, has not allowed the bark to come inside. The suit was brought by Mrs. Florence Whittier of Boston, who alleges that she was detained against her will at the Shiloh Colony and abused by Sandford. After some difficulty Mrs. Whittier was released from the colony several months ago, but her husband refused to leave, stating that he believed Sandford's teachings were right.

PUBLIC TOO CRITICAL.

The Extinction of "Old Party Organ" Newspaper Predicted.

SARATOGA, N. Y., July 7.—The eventual extinction of the "old party organ," newspaper, was predicted today by W. H. Green Howe of Hornell, president of the New York State Press Association, in his address before the organization which opens its annual convention here today. "Newspaper plants are getting to be too costly and expensive," he said, "to jeopardize them by catering to any hoss. The public is becoming too critical. Patriotism is taking the place of partisanship."

A PROMINENT BANKER.

Elisha Riggs Known in Charitable Works Dies in New London.

NEW LONDON, Conn., July 7.—The death of Elisha Francis Riggs of Washington, D. C., at his summer residence in the Pequot section last night, removes a banker of international reputation. His father was the founder of the firm of Riggs & Co., Washington, later changed to the Riggs National Bank, and Mr. Riggs succeeded his father at the head of the institution. Mr. Riggs was prominent in financial and charitable work in Washington. The cause of his death was angina pectoris.

A DISTURBER OF THE PEACE.

James How, the "Millionaire Hobo" Held Under Heavy Bail.

PHILADELPHIA, July 7.—Declining the offer of a police magistrate to free him, if he would promise to discontinue his attempts to speak in public, James Eads How, known as the "millionaire hobo" was held under $500 bail today, to keep the peace. How had been attending a convention of the unemployed and was about to address an open air meeting in Franklin Square, last night, when arrested. The meeting had been prohibited by the police. How declares he intended telling the crowd that no meeting was to be held when he was seized by the police and charged with breach of the peace.

DIES OF HEART TROUBLE.

D. Winslow Hawkes Stricken While Running His Automobile.

PORTLAND, Maine, July 7.—While riding slowly along Forest avenue alone in his automobile today, D. Winslow Hawkes, a member of the school committee, and one of the oldest and best known educators in Maine, was stricken with heart trouble and died before bystanders reached him. His automobile ran against the curbing and stopped without being overturned. Mr. Hawkes served 27 years as principal of the Cape Elizabeth High school, resigning in 1895.

Crossett Oxfords.

Here is a suggestion for your foot comfort this summer in a cool, cozy Oxford, of summer weight, Russia Calf. It is made flexible welt, and fits without slipping. Plenty of styles and sizes in Cadet Calf, Patent Colt and Boston Gray.

"Nemo" and "Smart Set" Corsets.
Demonstration by Miss Newport.
Nemo Corsets are POPULAR because every Nemo does something for you that no other corset can do—brings fashionable shapeliness with absolute comfort.

Nemo Corsets are DURABLE because every Nemo contains at least TWICE AS MUCH VALUE in material and making as any other corset that sells at similar prices. That means REAL ECONOMY.
There's a Nemo Model for Every Figure, Stout, Slender or Medium.
The new Nemo models for slender figures are just as valuable, durable and stylish as the more famous Nemo for stout women.
Smart Set Corsets
Chiefly for slender figures, in every respect superior to Parisian Corsets that cost twice as much but wear half as long—$5.00 and upwards.
Come and talk to Miss Newport.
THE KING-McLEOD CO.

MOCHIZUKI'S SPECIAL ERRAND.

Will Investigate in America for Japan's Financial Department.

VICTORIA, British Columbia, July 7.—Among the passengers on the Kamakura Maru, which arrived from the Orient yesterday, was Ketaru Mochizuki, a former member of the Japanese Diet and president of the Liberal news agency of Tokio. He is on a special mission to make investigations in Europe and the United States for the financial department of Japan, and the imperial railways and monopoly bureau. He is accompanied by Mrs. Mochizuki, who was educated in Toronto, and who has been commissioned to investigate educational work of women in the United States and Europe.

Speaking of conditions in Japan, Mr. Mochizuki said: "Japan has emerged from the financial depression and an era of better times is looked for. The four per cent consolidations of Japanese loans has been taken up and a new financial scheme is being formulated. Money is easy, the banks have much to lend and interest is lower. The result is that business development is progressing favorably."

LYNCH TAKES ACTION.

President of National League Turns Down Dreyfuss and Pittsburg Club.

PITTSBURG, July 7.—President Thomas J. Lynch of the National League has turned down Barney Dreyfuss and the Pittsburg Club, in its demand that Johnny Evers of the Cubs be disciplined for his alleged uncoming conduct on the field during the game in Pittsburg June 25. Dreyfuss has received a letter from the league chief stating that Lynch has referred the matter to the Chicago management and that Pittsburg would have no further trouble with Chicago players while in Pittsburg. It was claimed that when the Cubs were losing the game Evers used rough language within the hearing of women in the stands.

GUILTY OF EVADING LAWS.

Country Banks to be Investigated and New Regulations to be Adopted.

CHICAGO, July 7.—The national bank examiners of the sixth district closed a two days' semi-annual meeting yesterday, after making some drastic recommendations to the comptroller of the currency relative to the methods of checking up on country banks. In a resolution adopted by the examiners the comptroller is advised to make strict investigations of the country banks and adopt new regulations for controlling their reports. Some country banks, it was maintained by the experts attending the meeting, have been guilty of evasions of the national banking law, by borrowing money from city banks so that the exact state and extent of their liabilities in their published statements may not be shown to the public. The comptroller is advised to require all country banks to make, under oath, full and specific statements of their liabilities and assets.

NO ACTION TO BE TAKEN.

McCarthy Not to Have Hearing on Charges Against Commission.

BOSTON, July 7.—The executive council, at a meeting today, voted to take no action on the petition of Jeremiah J. McCarthy, customs surveyor at Boston, for a hearing on his charges against the civil service commission. After the nomination of McCarthy, by Mayor Fitzgerald, to be fire commissioner of Boston had failed of confirmation by the civil service commission, Mr. McCarthy sent his petition to the executive council, charging that the commission had failed to comply with certain laws governing its actions. After the council had consulted with Attorney General Dana Malone, it concluded that no action was necessary.

LOCAL BRIEFS.

—Mr. C. Dupont of New York is guest of Mr. W. W. Sherman.

—Mrs. Postlethwaite and Mrs. Craig Biddle left for New York today.

—Mr. and Mrs. C. B. Dillhouse have gone to New York for a few days.

—Mr. James V. Parker of New York has opened his cottage on Merton road.

—Mrs. Coffin, wife of Colonel W. H. Coffin, will not receive at Fort Adams Friday.

—Mrs. W. S. Patten of New York is visiting Mr. and Mrs. Nathaniel Thayer.

—Mr. and Mrs. Payne Whitney of New York have arrived at the Henry White cottage.

—Mr. and Mrs. Archibald G. Thacher of New York are at "Pinecroft," Purgatory road.

—Dev. Dr. William H. Vibbert, vicar of Trinity Chapel, New York, is a guest at "Pen Craig."

—Mr. and Mrs. Newton Adams are guests of Mr. and Mrs. Walter S. Andrews at Sunapee Lake, N. H.

—Rev. Dr. George Houghton of the Church of the Transfiguration, New York, is at "Zabriskie House."

—Mr. and Mrs. Alva E. Lantz and their daughter, of New York, are at The Aquidneck for the season.

—Company G and H of the Woman's Auxiliary of the Young Men's Christian Association held its picnic today at Lawton's Valley.

—E. M. Brandt and W. Neison of New York, J. A. Frazot of Baltimor, C. Brown, U. S. N., Henry Miller and H. Gray of New York are registered at the United States Hotel.

—Miss Almira Morgan gave a dinner Wednesday night at The Aquidneck in honor of Mr. and Mrs. Albert R. Commette, who were recently married, and Miss Nathalie Daily.

—The second of the two new fire alarm boxes ordered this year by the Representative Council was placed in position today at the corner of Carroll and Harrison avenue. It is No. 61.

—Mrs. Theresa L. Soule has returned to her home, much improved in health, from the Newport Hospital, where she has been very ill. She will soon go to the Mountains for a complete rest.

—Miss Jessie E. Ward of Denver, guest of Mrs. W. T. Bull; Mrs. Lyman C. Josephs, Jr., De Forest Jenkins, Jr., Rev. Dr. W. H. Vibbert and Mr. and Mrs. Clark A. Waller are registered at the Casino.

—Mrs. Craig Biddle gave a luncheon at the Shields cottage Wednesday afternoon in honor of Mrs. Alexander Van Rensselaer. Mrs. Henry Symes Lehr and Miss Charlotte Pell gave dinners in the evening.

—Dr. F. R. Warden arrived this morning from a three months' trip to Buenos Ayres, Montevideo, Rio de Janeiro and the West Indies. He will leave July 13 for a trip of 2,000 miles up the Amazon and will be absent about a year.

—First Lieutenant Rodney H. Smith, coast artillery corps, has been placed on the unassigned list and ordered to report to the commanding officer of the Artillery District of Narragansett for staff duty. Lieutenant Smith has been in command of the One Hundred and Tenth company, and later ordnance officer at Fort Adams.

TO ADVERTISE FOR SITES.

Police Station Committee Decides to Widen the Choice.

On Advice of City Solicitor, Determines Not to Ask for Bids on Present Plans.

The committee on new police station held a meeting Wednesday evening, Chairman Kerr presiding and Messrs. Lucas, Tanner, Horton, Barker, Sherman, Reagan and J. B. Sullivan being present.

The main question was on the right of the committee to ask for bids for the construction of the new building, though having no money to proceed with the work. The city solicitor was called in on this point and said he would advise against asking for bids. There was some discussion of the matter, but the committee finally yielded to the opinion given and decided, instead of asking for bids on the plans, as proposed, with a view of giving the Council figures on the plans, to ask the architect to furnish an estimate of the cost of construction.

It was decided to ask five concerns doing such work to submit plans and estimates for the cell work. This is distinct from the construction proper and each firm has its own method of construction, so that a comparison of cost is not the only point, the adaptability of the plans to the uses to which the station will be put being a main question. It is understood that in asking for these estimates the committee reserves the right to reject any or all, but eventually some one of the firms will do the cell work.

The city solicitor reported on the roadway north of the station, between it and the Government Landing, that the city owns one half the way and in his opinion could build thereon. In regard to the land to the west, owned by the Jamestown Ferry Company and now occupied by the Adams Express Company, the city solicitor reported that, in his opinion, if satisfactory arrangements cannot be made with the ferry company for the purchase of 20 feet of the land, it could be obtained through an action under the law of eminent domain. The plans call for a strip of this land 20 feet deep.

Mr. Horton suggested, in view of the talk about other sites, that the committee should be prepared to offer other locations than that on Ferry wharf, if called upon by the Representative Council. This seemed right and Messrs. Tanner and Sherman were appointed a committee to advertise for offers of sites and report possible locations and prices.

There was a discussion of sites which had been offered or would be available. The committee had already received from W. J. Cozzens an offer of that part of the Herbert Lawton property on Farewell and Marlborough streets, a part of the Liberty Block, if this was not large enough, he suggested that more could be had by purchasing the interests of the Thomas Burdick estate in the same block. Other possible sites talked about, informally, which had come to the attention of members of the committee, were the Greene and McGowan property, on Long wharf, Housemanlere place and Northam avenue, next west of the hook and ladder house; the Smith estate, on Mount Vernon street; the Simmons estate, on Spring, Hosier and Court House streets; the Jurgens place, on Mill street; the Sherman estate, on Long wharf, the harbor and Whittier avenue, and a location near the present station, on Ferry wharf and Bowen's wharf.

THE NEW THEATRE EXCAVATION

While many persons passing the site for the new theatre may imagine that the excavation has reached its greatest depth this is not a fact, and at the rear end the men are going down five feet further. The remainder of the digging will be in soft rock, and already a pump is required to keep the hole clear of water. At present all efforts are devoted to excavating the yard area to the stage level, as it is needed for the stowage of lumber, three cars of which have arrived and are ready to be discharged. Progress on the excavation is hurried as much as possible, but one of the great difficulties is securing laborers. These seem to be short in number this year, so much work being in progress.

INDIA'S HOLIDAYS.

[Wide World Magazine.]

India is a country of eternal holidays. Every sect and tribe, roughly speaking, has its own festivals, and these are religiously observed. On such occasions the open spaces are filled with swings and merry-go-rounds, and the booths where food and sweetmeats are sold do a roaring trade. It is very interesting to watch the different racial types that come to make holiday—here women veiled and mysterious, there women who show their faces and wear tight-fitting trousers instead of skirts. The people are of all shades, from the fair, almost European, complexion of the northern types to the practically coal-black of the original Dravidean stock of the south. It is in India, at the typical religious fairs, that you will see the quaint originals of the "Great wheels" known to exhibition visitors of the west.

SHAKE INTO YOUR SHOES

Allen's Foot-Ease, the antiseptic powder. It cures painful, smarting, nervous feet, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous, swollen, tired, aching feet. Always use it to Break in New shoes. Try it to-day. Sold everywhere. By mail for 25 cts. in stamps. *Don't accept any substitute.* For FREE trial package, address Allen S. Olmsted, Le Roy, N. Y.

Victims of Obesity
Cure Yourself at Home in Comfort.
As a bodily affliction Obesity often seems to be inexplicable, so rapid is the increase of weight and bulk, even in cases where the victims are studiously temperate in eating, etc. There is evidently a predisposition that way, and neglect only tends to confirm it. The remedies tried may have grievously disappointed you.
Here is one that will not do so, and you may get the ingredients at your druggist's and mix them yourself without trouble: Ask for ½ oz. Marmola, ½ oz. Fluid Extract Cascara Aromatic and 3½ oz. Peppermint Water. Shake together in a good-sized clean bottle. Simply take this mixture after each meal and at bedtime, one teaspoonful to the dose, and give yourself no further trouble; the superfluous fat will subside with wonderful rapidity.
Dieting need not worry you in the least, nor is violent exercising at all desirable. Wasting methods of weight reduction are not natural. Try the pleasant treatment above prescribed for a week or so, and you will be fit, strong and free from all bodily discomfort, besides having regained correct weight and a shapely figure.

TO KILL THE DANDRUFF GERM.
Is the Only Possible Way of Having An Effective Cure.
If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have a thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
One Dollar Bottles Guaranteed.

Hires and Beauty

It is a common mistake to think that the use of a good soap makes a pure skin. It does—but on one side only. How are you cleansing the other side—the side from which it gathers the greater impurities?

Are you drinking plenty of pure water? You should—but more than water, you should drink Hires and drink it freely.—Hires refreshes you and continues its mission of good by blending the food, making it digestible, purifying the blood and cleansing the kidneys, thus keeping open all the channels through which the impurities escape, giving your skin health and glow from within. No matter what other imperfections you may have—a transparent skin and a pleasant smile will give you beauty.

But don't ask for rootbeer—ask for Hires and thus be sure to get the only genuine *rootbeer*. Aids digestion; relieves indigestion, *but it does not contain any false stimulants or irritants, such as soap bark, etc.*

5¢

CAMPAIGN WELL SUPPORTED.

Governor Draper Has No Power to Prevent Display of Fight Pictures.

BOSTON, July 7.—The campaign of the United Society of Christian Endeavor, against the display of the pictures of the recent fight between Johnson and Jeffries, is receiving favorable support from many states according to General Secretary William Shaw, who stated today that four governors had arraigned themselves on the anti-picture side of the contest. The state officials were Governor A. S. Ansel of South Carolina, G. W. Donaghey of Arkansas, William Hodges Mann of Virginia and from the private secretary of Charles S. Deneen of Illinois. Governor Draper of Massachusette tells Secretary Shaw that he has no power to stop the display of pictures, but Mayor Fitzgerald of this city, is opposed to them.

FIGHT PICTURES DEGRADING.

Pittsburg Ministers Hold Mass Meetings and Protest Against Them.

PITTSBURG, July 7.—Characterizing the fight pictures as degrading and dangerous, ministers representing six denominations and 14 churches at a mass meeting last night, formulated a petition to Mayor Magee asking him to prevent the pictures from being displayed in this city. The meeting was attended by bodies from the Young Men's Christian Association, Christian Endeavor societies and civic bodies. Prayer meetings will be held in the churches nightly, for the success of the movement.

FOR PUBLIC DECENCY.

An Appeal to be Made to House of Commons to Prohibit Pictures.

LONDON, July 7.—Sir Howell Davies has given notice of his intention to ask the home secretary in the House of Commons, "in the interest of public decency," to prohibit the exhibition of the biograph pictures of the Jeffries-Johnson fight.

FOR SEPARATE EXHIBITIONS.

Performances for White People Not to be Attended by Colored.

HOLLIDAYSBURG, Pa., July 7.—Burgess Edgar Hale Jacobs of Huntingdon today effected an agreement with the proprietors of the Hollidaysburg motion picture places, for separate exhibitions of the Johnson-Jeffries prize fight. No negroes will be allowed to attend the performances for the white people and vice versa.

DENOUNCED AS CRIMINAL.

Resolutions Pased Protesting Against Exhibiton of Fight Films.

NEW YORK, July 7.—The moving pictures of the Johnson-Jeffries fight were denounced as criminal from the pulpit of the Church of the Divine Paternity, today, where the twenty second annual convention of the Young People's Christian Union is being held. When Victor A. Friend, chairman of the social service commission, in a report of that commission asked that the convention go on record as protesting against any exhibition of the fight pictures, the assemblage broke into loud applause. Resolutions were passed protesting against the exhibiton of the fight films.

SPREADING IN INDIA.

Demand in Calcutta for Prohibition of Biograph Pictures of Fight.

CALCUTTA, India, July 7.—The demand for the prohibition of biograph pictures of the Jeffries-Johnson fight is spreading in India. The paper suggest that the American authorities destroy the films and compensate the owners.

JACK FLYNN LEAVES HOSPITAL.

Pittsburg's First Baseman Still Suffering From Injured Knee.

PITTSBURG, July 7.—Jack Flynn, first baseman of the Pittsburg team, was discharged from the hospital yesterday, where he had been undergoing an operation on his injured knee. He is still weak and will be out of the game for several weeks.

HURT INTERNALLY.

Worcester Man Dies as Result of Injuries in Automobile Collision.

WORCESTER, Mass., July 7.—Internal injuries which William E. Gendron received in an automobile collision near Boulevard Park in this city, shortly after midnight this morning, caused his death several hours later. Gendron was taken to the city hospital, where he died.

You Can Have a Model Kitchen

as cool and white as a dairy. No smell, no smoke, no heat, no dust. No old-fashioned contrivances. The

New Perfection
WICK BLUE FLAME
Oil Cook-stove

is the latest practical, scientific cook-stove. It will cook the most elaborate dinner without heating the kitchen.

Boils, bakes, or roasts better than any range. Ready in a second. Extinguished in a second. Fitted with Cabinet Top, with collapsible rests, towel rack, and every up-to-date feature imaginable. You want it, because it will cook any dinner and not heat the room. No heat, no smell, no smoke, no coal to bring in, no ashes to carry out. It does away with the drudgery of cooking, and makes it a pleasure. Women with the light touch for pastry especially appreciate it, because they can immediately have a quick fire, simply by turning a handle. No half-hour preparation. It not only is less trouble than coal, but it costs less. Absolutely no smell, no smoke; and it doesn't heat the kitchen.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

The nickel finish, with the turquoise blue of the enameled chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

FINANCIAL.

NEW YORK, July 7, Wall Street—The market opened with Amalgamated Copper 59, American Smelting and Refining 67¾, Atchison Topeka & Santa Fe 96¾, Baltimore & Ohio 107-⅝, Brooklyn Rapid Transit 74, Canadian Pacific 187½, Chesapeake & Ohio 73½, Chicago Milwaukee & St. Paul 117¾, Colorado Fuel and Iron 32, Great Northern preferred 124½, Great Northern Ore Certificates 61½, Interborough-Metropolitan 17⅞, Interborough-Metropolitan preferred 48½, Missouri Pacific 55, National Lead 68½, New York Central 112½, Northern Pacific 118⅝, Pennsylvania 121¾, Reading 142⅜, Rock Island 31, Southern Pacific 112½, Southern Railway 22½, Union Pacific 168, United States Steel 69¾ and 69⅝, United States Steel preferred 114½ and Wabash preferred 35¼.

10—The stock market started with small dealings and narrow and irregular price changes, but the course of prices turned downwards after the opening. Rock Island preferred and Western Union fell 1¾, Rock Island and Denver & Rio Grande preferred 1, and Union Pacific, Reading, Canadian Pacific, and Anaconda large fractions. Consolidated Gas gained 1.

11—The market made an abrupt upward turn after the earlier sag, so that in a few minutes sharp losses were turned into equally sharp gains. Rallies from the low prices ran to 2⅝ in Reading and 2 in Union Pacific. Over night advances of a point or more were made by many of the most active stocks.

Noon—The activity in the trading died down but the advanced level of prices was well maintained. Confirmation of yesterday's reports of gold

Dignity of Decoration

Like dignity of character can only come through development.

Our papers are the result of a steady growth and development—a process of elimination that gives them an artistic and practical value out of all proportion to their cost. They are the expression of the best artists and workmen.

ASK TO SEE OUR LATEST PAPERS—they will give you new ideas in home decoration.

M.

SOCIETY NOTICE.

CAMP THOMAS. Regular meeting this evening. Business of importance.

PORTSMOUTH.

"Oakland Farm" Grounds Beautiful for the Lawn Festival.

Large Crowds See the Decorations, Listen to the Music and Patronize the Tables.

[Regular correspondence of the News.]

The "Oakland Farm" grounds were prettily decorated for the St. Mary's lawn festival Wednesday, and there were great numbers present, although the premises are so spacious that they seemed much less. The woods were not used this year, but all else was open for inspection as hitherto. There was no supper, but Mrs. Reginald C. Vanderbilt, under whose patronage the fete was arranged, and a coterie of her friends, served sandwiches, cake and tea from small tables on the piazza, which glittered with glass, silver and flowers, with a score or more of liveried waiters to act as needed. Much bunting had been used in adornment and many handsome flags of various nations, as well as long strings of small flags.

Through the gate passed carload after carload of people, and hundreds of carriages and automobiles. The Seventh Artillery Band from Fort Adams furnished continuous music throughout the afternoon, and enough camp chairs were scattered about so that every one who wished might be seated. Only a few cared to keep a seat long at a time, but most preferred to walk about and be one with the crowd. The larger number present seemed to be from out of town. Parties of 15 and 20 from Pawtucket, Attleboro, Providence, Taunton and New Bedford were not infrequent, and while no entertainment was offered, except a single song from the piazza by a young girl with a beautiful voice, the grounds were so beautiful, the air so clear, bracing and restful that it was a relief to have nothing to do but rest and observe the ever changing groups.

There was no fancy work table, a souvenir table taking its place, attended by Miss Sarah I. Chase, Mrs. Clarence C. Thurston, Mrs. Willard Chase and Mrs. William M. Hughes. Mrs. John A. Elliott, treasurer, and Mrs. George Thurston and Miss Ruth White were aids. Mrs. Damon Lyon of Newport acted as fortune teller and Mr. Lyon amused the children with stories. The dinner table was in charge of Mrs. Phebe E. T. Manchester and Mrs. Frederick A. Coggeshall, a large collection of choice flowers being on sale, and large box of rare and beautiful specimens being contributed by Mr. Vanderbilt. Miss Kathleen Vanderbilt, with a maid to assist, had partial charge of the grab bag, which was largely patronized. Mr. R. C. Vanderbilt was in charge of the cigar and cigarette stand, Mrs. I. Lincoln Sherman, Mrs. Elbert A. Sisson and Miss Emma Chase, of the cake table. Mr. I. Lincoln Sherman sold ice cream tickets, the ice cream being served from a large marquee tent, bright red in color and making a pretty patch of color amid the green of the trees. The program for the concert by the Fort band, Mr. Freeman leader, was as follows:

March	National Emblem
Medley	Just One Dearie
Schottisch	S. R. Henry's Barn dance
Suite of airs	
a.	"Scots Wha Hae"
b.	"Auld Robin Gray"
Waltz	Senora
Barn Dance	Coon Huskin
Selection	Reminiscences of England
Waltz	Oh, What I Know About You
Song	"Sally in Our Alley"
Schottisch	Bashful Bumpkin
Euphonium solo	"Tom Bowlin"
Selection	"Bright Eyes"
Morceau	"Coeurs et Fleurs"
Suite of airs	Funny Face
	Oh, You Blondie
Solo for Trombones	Bay of Biscay
For Cornet	Blue Bells of Scotland
Selection	Remick's Hits 1910

Miss Anna Woods of Fall River is spending a fortnight here.

Mr. and Mrs. Robert Almy have had as guest Mrs. William Barker.

Miss Hazel LeLacheur of Sagamore, Mass., is visiting Mr. and Mrs. Henry F. Sherman.

Mr and Mrs. W. Irving Faulkner of Fall River and their children have arrived for the summer and are occupying Mr. Faulkner's father's cottage on Power street. Mr. Faulkner is baggage master at the Bowenville station, Fall River.

Mr. Maurice Macomber, who before going to Europe was in the employ of Mr. J. Howard Newton of Fall River, is motoring through different countries with a friend and his wife.

Mr. and Mrs. Beltcliffe and wife of Tiverton are occupying their Hummock cottage.

Mr. and Mrs. William Franklin have had as guests friends from Providence.

Miss Helen Sinclair, who lives with her aunt, Mrs. Fish, on Sprague street, sailed Saturday with her father and step-mother for Scotland, to spend the summer.

Mr. and Mrs. William F. McCoy, Mr. William J McCoy and Miss Lillian Wheeler have returned from a three days' automobile trip to Provincetown.

While there were said to have been 15,000 persons at Island Park on the Fourth, there was a larger record the first year the trolley cars were operated on this road, when 16,000 paid fares on the road in one day. The heaviest travel of the Fourth was towards Newport. Every 15 minutes three cars were sent out from the Stafford Road barn and every half hour two of them went through to Newport, crowded all through the late morning hours, noon and early afternoon. The diving horses were the big drawing card, as they have been each day since.

Miss Dorothea Tallman was guest of Miss Jean Barclay at "Glen Farm" Wednesday.

Mr. N. Howard Peckham of Boston is visiting his parents, Mr. and Mrs. N. Horace Peckham.

The Newport County Woman Suffrage League met with its president, Miss Cora Mitchel, Wednesday afternoon. The attendance was lessened by the attractions of the "Oakland Farm" lawn party, but enough were present to make the meeting interesting. A letter from Miss Leach, secretary of the Peace Conference, and matters appertaining to the conference were discussed. Light refreshments were served on the piazza.

The junior society of St. Andrew's Brotherhood expects to camp at Coddington Cove this season.

Mr. Philip Almy, manager of the Seaconnet Steamboat Company, is critically ill with gastric fever at his home in Providence.

The Sunshine Circle of Holy Cross Chapel held a business meeting Thursday afternoon at the guild house and made plans for a camping trip.

Mr. Frank C. Brown of Sagamore, Mass., has been guest of his sister, Mrs. Henry F. Sherman, while recovering from an accident a short time ago. While engaged in his business as an electrician, he had his hand taken off to the wrist, with the exception of the thumb and a small portion of the forefinger.

Mrs. Mott of Providence and her daughter, Miss Sarah Mott, are spending a week with Mrs. Elwyn B. Anthony.

Colonel William Barton Chapter, Daughters of the American Revolution, will hold its regular meeting on the anniversary of the capture of General Prescott by Colonel Barton, and Mrs. Annie Branston and Miss Isabella Chase, owners of the Prescott house, the scene of the capture, have invited the chapter to meet with them.

Mr. and Mrs Joseph Souza have been entertaining a house party.

Mr. and Mrs. Peleg Bryer and Miss Sarah Bryer of Newport spent the Fourth with Miss Fannie T. Clarke.

THREE OFFICERS "PLUCKED."

Captains Chosen to be Retired Compulsorily are Underwood, Veeder and Wright.

The three captains in the United States navy who have been "plucked" in accordance with the provisions of the navy personnel act of 1899 are: Captain Edmund R. Underwood, in command of receiving ship Independence at the Mare Island navy yard; Captain Ten Eyck D. W. Veeder, superintendent of the Naval Observatory, Washington, and Captain Edward E. Wright, commandant of the naval station, Guantanamo, Cuba.

These officers will be transferred to the retired list from June 30, 1910, President Taft having formally approved the act of the "plucking board," which consists of Rear Admiral Richard Wainwright, Rear Admiral A. G. Berry, Rear Admiral J. B. Murdock, Rear Admiral C. E. Vreeland and Rear Admiral Aaron Ward.

No reasons will be made public as to why these particular officers were selected by the board in preference to others. The three captains have good records, and have been asked to retain their present posts for the time being, until the Navy Department can give consideration to the question who shall be their successors.

Under the provisions of the navy personnel act of 1899 it is necessary for the "plucking board" each year to create 40 vacancies in the list of officers of the navy, to provide for a percentage of promotions for younger officers. This year there were 11 voluntary retirements and 16 deaths, so that it was necessary to "pluck" only three officers.

TO GO ON THE HILL.

Illuminating Company to Move Its Trunk Line from Thames Street District.

The construction of the Colonial Theatre, following so closely upon that of the Walter Sherman building, both of which have encroached upon the way of the trunk line of the Illuminating company, which is in the rear of the east side of Thames street, has caused the company to take a view to the future. The change made for the Sherman building was an expensive one for the company, that which would need to be made for the new theatre promises to be full of obstacles, and then one would naturally question as to the permanency of the layout. Hence it has been decided to make radical changes in the trunk line and carry it up on the hill, where building operations are not so likely to interfere with it.

This trunk line carries the high voltage current and the Providence line feeders, the kind of wires which it is not desirable to disturb more than is positively necessary. The burial of these, it is admitted, would save much trouble, but the expense is such that the company is not desirous of undertaking it except in places where the sentiment is so strong against aerial lines that underground wires are compulsory.

THE BATTERY PARK CONCERT PROGRAM.

For the concert by the Newport Military Band at Battery Park this evening the following program has been arranged:

March, "The Fighting Hope," Maurice
Overture, "Lustspiel," Kela Bela
Concert Valse, "Venus Reigen," Bungl
Selection, "The Prima Donna," Victor Herbert
Intermezzo, "Forget-me-not," Macbeth
Cithirdiin, Pestalozza
Rings on her fingers, Scott
American Fantasia, Bendix
Popular medley, Hall
"Star Spangled Banner,"
F. J. McCloskey, Director.

DEATH OF "YANKEE DAN."

Broken in Health and Spirit, Most of His Friends Gone.

Once Prominent in Sports and Business, Sentenced to Prison and Pardoned as Not Guilty.

"Yankee Dan" is dead. This does not mean much to many who know him only as an old man, like the veteran "lagging superfluous on the stage." Those, however, who can go back to the time when polot was first played in this country, in 1876, remember an entirely different man; that was the time when "Yankee Dan" was true to his name. He was manager of the polo field in this city and of the old polo grounds at One Hundred and Tenth street, New York, and a prominent feature in the sporting world, having besides his polo work the handling of race meets and other sporting matters. He was the right-hand man for Mr. James Gordon

THE LATE DANIEL D. SULLIVAN ("Yankee Dan").

As he looked about the time he was sentenced to prison.

Hennett and the others who were leading in the gentleman's sporting line in Newport and New York. At that time he was handsome, alert, energetic and hard-working, alive to all the possibilities and known to all first-class sports in the vicinity of New York and Newport.

During this period "Yankee Dan" gave the first "fete night" held in Newport, at Southwick's Grove. While it was a success as a fete it was not as a financial affair and Mr. Sullivan pocketed a loss.

After his polo experience he came to Newport permanently and had since always considered this city his home. He formed a partnership with P. F. Conroy, under the firm name of Conroy & Sullivan, and for ten or more years the firm did a big business, handling many government contracts for the installation of water works, driving of wells, plumbing, etc., at government stations all along the coast. After the dissolution of this firm he continued in various small businesses, ran dancing schools and did various things to earn a living. His wife died, and this seemed to take away some of his ambition, and he gradually dropped down the ladder of fame and became less conspicuous in the community.

Later he went to Fall River and there, while in the company of Martin Dalton, became mixed up in a crowd which led to his being sentenced to state's prison for life, on the charge of being accessory to the murder of Anthony Haswell in East Providence, July 19, 1892. Those who knew "Yankee Dan" felt sure that he would not be a party to any such deed, but he had been mixed up with the others. Dalton was convicted, and Dan was sentenced on circumstantial evidence. Later, on acknowledgment by Dalton that Dan had nothing to do with the murder, he was pardoned by Governor Utter, April 15, 1905.

At that time many of his friends felt, aside from the fact that he was a free man, and to those who did not know him the stigma had been removed from his name, that it would have been better for him to have remained in prison, where he would be cared for. He was an old man, broken in health, with his ambition gone, with most of his old friends dead, with really nothing to live for. For the past year or two he had been a sufferer from tuberculosis and had been at the emergency hospital here, and later was sent to the consumptives' camp at Hillsgrove, where he died last Monday, July 4, just 60 years from the day he was born.

Daniel D. Sullivan was a native of Fall River and came of a large family of boys and girls, all of whom were active, energetic and pushing and made a mark in the world. It was in Fall River that Dan's dashing style gained for him the name by which he was so much better known than by that which his parents gave him. When news of his death was sent to Fall River it was at first impossible to find any of his relatives, but finally a nephew who found, who arranged to have the body sent to Fall River for interment, beside those of other members of the family.

In his day "Yankee Dan" was well known and liked in Fall River, as well as in Newport and New York. He was a cosmopolitan, and had legions of friends. Time, however, changes all things. Most of the friends of his youth are dead; he was an old man, broken in spirit and health long before he died, and he was only 60 years old when he passed away.

MRS. REBECCA L. GILMAN.

Death at an Advanced Age of a Member of an Old-Time Newport Family.

Mrs. Rebecca L. Gilman died Wednesday afternoon at her residence on Bridge street, after a painful illness, due to old age, which had covered a period of several months. She was the widow of Edward V. Gilman and a daughter of the late Isaac Lawton and Nancy Gifford Gibbs. Born in Boston September 25, 1824, she was descended from an old Newport family. She spent her earlier married life in New Bedford, but in 1871 came to Newport and had since made this city her home. For more than 40 years she was a member of the Thames Street Methodist Episcopal Church. She was the mother of nine children, four of whom survive—Mrs. Sarah A. Gavill and Arthur L. Gilman of this city, Mrs. Ella V. Bryant of Jamaica Plain, Mass., and Frank E. Gilman of New Bedford. She is also survived by 23 grandchildren and 34 great-grandchildren.

Mrs. Gilman was one of the old-fashioned sort of women, who while she cared for a large family of her own was ever ready to assist others, and in fact was always doing for others some little thing to help when help was needed. She was of a quiet disposition, but made herself felt in the neighborhood in which she lived, by her constant works of kindness.

The interment will be in the family plot in Rural cemetery, New Bedford

INCREASE OF SIX PER CENT.

For All New Haven Railroad Employes Not Members of Labor Unions.

The New York, New Haven & Hartford Railroad Company has announced an increase of six per cent in wages for all its employes who are not members of labor unions and who had not already been advanced. This means an increase for quite a number of men employed here. The clerks have already received theirs, but there are others who will be entitled to the six per cent. Among them the baggage master is doomed to an increase of pay, or at least it is so rumored. It is also said that the pay of the baggage master was fixed many, many years ago, and there has never been an increase. If it were not for the fact that grateful passengers recognize the courtesy and efficiency of the luggage masters at times, they would have a hard row to hoe; now they are to have an increase of six per cent. They seem fully able to handle it.

QUIET ON LONG WHARF.

Fish Agents Leaving for Home and Tallman and Nagle Stranded at Block Island.

Things had a sort of autumnal tinge at the west end of Long wharf this afternoon. Ike Price can no longer see how he can stand it here any longer, and so he bies homeward tonight. Thursday night Billy Donovan goes; he has been living on hope, but hope has deserted and he goes back.

There was a quietness which seemed unnatural, but which was natural when one learned that "Chet" Tallman and John Nagle were absent. It seems the pair took advantage of the slackness of business and the absence of fish to take a trip to Block Island and renew old acquaintances. "Chet" telephoned that the boat left five minutes ahead of time, and Purser Payne says it was behind—three minutes behind—when she pulled out from the island, and neither Chester nor John was in sight. However, his fellow agents shipped his excess baggage to him this morning and there seems no good excuse for his not extending that vacation to a full week. In the meantime there is a silence which can almost be felt on the dock; even Charley Powers failed to raise any excitement.

ANOTHER NEW FIRE ALARM BOX.

Fire alarm box 61 went into commission this morning. This is the second of the boxes provided by the Representative Council at the beginning of the year and is located on Old Fort road, at the end of Harrison avenue. It will be a long delay in receiving those boxes on account of the big demand made on the manufacturers by cities which lost fire alarm boxes in the storms last year.

A SWEET PEA EXHIBIT.

The Newport Horticultural Society has arranged for an exhibition of sweet peas at its hall next week. The exhibition will be open to the public and any one may contribute flowers from a private garden in competition for the prizes which the society will award to meritorious exhibits. While the exhibition will be chiefly of sweet peas, which are now reaching the height of their beauty and abundance, other flowers may be shown and given awards.

NEW THEATRE PICTURES.

The new pictures at the Bijou Theatre are "The Wings of Love," a love story set in quaint Dutch scenery; "The Ascent of Mt. Tompaliac," a scenic picture; "Romeo and Juliet in Town," "An Unexpected Friend" and a comedy entitled "Floating to Wealth." The illustrated songs are "You remind me of the girl that used to go to school with me," by Emma Bruso, and "The spot that my heart calls home" by Harry Wilkins.

At the Star the new pictures are "A Discontented Woman," a domestic comedy drama, showing clear photography, by the Imperial Company; "The Outlaw's Redemption," "The Tie That Binds," and two comedy subjects entitled "The Card Party" and "The Minister's New Suit." Matt Benrit, who is closing a successful engagement this week, will render the illustrated song entitled "I'm on my way to Reno" and Miss Rose Hoskoll will sing, by request, "I love a little girlie just like you," written and composed by Mr. Otto Bernahl and Thomas Vietry of the Training Station and sung with success by Miss Ina Claire in New York.

MORTGAGEE'S SALE.

Mortgagee's Sale.

There having been default in the performance of the conditions contained in the mortgage executed by Thomas Twigg to Philip Stevens, bearing date the 20th day of April, A. D. 1905 and recorded in Vol. 9 of Mortgages Personal Property, Newport, R. I., at pages 98 and 99, by virtue of the Power of Sale contained in said mortgage, there will be sold at public auction at the Westerly end of Poplar Street near the waters of Narragansett Bay in said City of Newport, on Saturday, July 30th, 1910, at 12 o'clock noon one Naphtha Launch about 27½ feet long, the said launch being that described and set forth in said mortgage.

The undersigned hereby gives notice of his intention to bid at said sale.

PHILIP STEVENS, Mortgagee.

Vesper II Again the Winner, in Air So Light That Finally It Died Out Completely.

The Newport Yacht Club held the third of its weekly handicap races Wednesday evening. At the start the wind was fair, light but steady, from about west of south. The boats were off well together and at the first turn at St. Patrick's buoy, were so closely bunched that it seemed there must be a mix-up. The Vesper squirmed through the lee of the Indian and worked out of what looked like a bad pocket and the boats were around without a foul. On the beat down the Vesper and Papoose drew away from the Indian and finished ahead. The Indian, however, made a good showing in the light airs and reached home before the little airs which prevailed fell flat and there was nothing for the crews of the other boats to do but row back. The summary, with the start at 6:30:

Vesper II, Plummer,	7:41:35	1:11:35
Papoose, II, Arnold,	7:45:34	1:15:34
Indian, Arnold,	7:48:27	1:18:27
Mist, Beck,	Did not finish.	
Shadow, Peckham,	Did not finish.	

THE TENNIS CHALLENGING TIE PLAY.

The Lawn Tennis Association of Australia has telegraphed to the United States and England, asking that the play of the challenging tie for the Davis cup be in Australia. The challenge round will be played in New Zealand. The losers of the challenging tie will tour Australia to help defray the expenses of both teams. The association offers each team $3,000 for expenses.

AUCTION SALES.

AUCTION SALE,

Jamestown, R. I.,

Wednesday, July 13.

AT NOON.

Trustee's Sale to Close an estate.

About 1¼ acres of ground, situate near the West Ferry and known as the Rhett Cottage.

This property comprises four lots and a frame house with nine rooms, hall and cellar; and will be sold in lots, or as a whole to suit purchaser.

FRED A. WILLIAMS, Trustee.
AMOS PECKHAM, Auctioneer.

VALUABLE REAL ESTATE At Auction.

To settle the estate of the late Joseph L. Rusk there will be sold at Public Auction on the premises the following parcels of Real Estate.

TUESDAY, July 12, at 11 o'clock A. M.

The property at 110 BROADWAY, consisting of 5,330 sq. ft. of land with building (practically new) containing two stores and tenement; also stable and wagon shed in rear, with entrance from Caje street. This is a desirable investment property, situated in the centre of the business section of Broadway, always rented to a good class of tenants.

JULY 12, at 12 o'clock Noon.

That parcel of land bounded by West Broadway, Tilden avenue and Edward street, divided into 14 good-sized lots; five on West Broadway, two on Tilden avenue, two on Edward street, and five on a court or way in rear. Several of these lots are already built upon and the buildings are all rented. As there are but a few vacant lots in the compact business section of the city this opportunity should appeal to investors desirous of building stores or tenement houses.

JULY 12, at 3 o'clock P. M.

The Bush cottages on Ayrault street and Vernon avenue. Well-built, up-to-date houses, containing all improvements, water, gas, toilets, baths, concrete cellars, etc.; handsome lawns, shade trees and hedges, situated on two of the very best residential streets in the city. Within 5 minutes' walk to City Hall and two minutes to Ville Section. Also stable on Ayrault street easily altered to cottage or bungalow. Also nine good-sized good-shaped house lots on Mann avenue, Ayrault street and a proposed new street running between the two mentioned.

JULY 13, at 11 o'clock A. M.

That tract of land on Vernon avenue and Caswell avenue, divided into house lots. High land, level, with a fine ocean view, two minutes from trolley cars, in a growing section of the city, with sewers, city water and gas in Vernon avenue. These lots are attractive to buyers who prefer the quiet of the suburbs to the noise of the thickly settled city.

Plans of these several parcels may be seen at the office of Auctioneer, No. 1 Broadway, or on the premises at time of sale.

Ten per cent of the purchase price will be required of the buyer at time of sale. Other conditions will be announced at sale. If the weather conditions are unfavorable this sale will take place on the first two pleasant days following.

FRED W. GREENE, Auctioneer.
By order of Edwin A. Bush, Commissioner.
